

**Root Rake**

**Bimini**

**Oil Skimmer**

**Hydraulic SiltSucker**

**Skimmer Bucket**

**Hydraulic Pole Saw**

## ATTACHMENTS & ACCESSORIES

**Hurry up & Change! Weedoo quick-change attachment system makes it easy.**

**Root Rake**—Durable and versatile, this all-steel work implement with 2 ft. long fingers is designed specifically for removing cattail, emergent shoreline vegetation, clearing underwater rocks and debris.

**Bimini**—No need to go topless, Open-front canvas top provides shade and shelter.

**Oil Skimmer**—Inshore and shallow water oil/fuel recovery unit that cleans instantly and efficiently.

**Hydraulic SiltSucker**—Designed for silt and sediment removal. The dredge rips and shears solids and is perfect for stormwater drains, marinas, lakes and channels.

**Skimmer Bucket**—Workboat pushes skimmer through waterway as it travels. Contained contaminants are dumped on shore for disposal. Excellent for collecting algae, duckweed and other small particle debris.

**Pole Saw**—ACS Hydraulic Pole Saw cuts branches and small trees. The saw has a 77" fiberglass pole and a 12" bar equipped with 20" hose/fittings. It's lightweight, fast-cutting and cool-running.
