

## ***Deep Trekker DT300 Pipe Crawler Package***

Deep Trekker DT300 Pipe Crawler Package - lithium battery powered pipe inspection camera system includes fully loaded DT340 and DT320 mini crawlers for portable sewer and stormwater pipe inspections

Master pipe inspections from 6" (200mm) and up with this fully loaded DT340 and DT320 package. Includes all wheel and tracks options, a powered reel and full-length tether, and compatible with pipe inspections software

DT340 Pipe Crawler with PTZ Camera Head  
 DT340 Crawler Body  
 DT320 Crawler Body  
 Elevating Arm  
 Rear-Facing Camera (DT340)  
 Powered Reel  
 1312 ft (400 m) Tether on Reel with Tether Length Counter  
 Track kit  
 Complete wheel Sets (DT320)  
 Complete wheel Sets (DT340)  
 Handheld Controller  
 Carrying Cases (2)

### **DT340XL Pipe Crawler Package - Specs**

Speed	17.2 m / min
Tether	5 mm (0.19") Polyurethane outer jacket with embedded Light weight synthetic fibers Optional Lengths up to 400 m (1,312 ft)
Materials	Stainless steel Aluminium Sapphire
Tether Reel	Industrial tough; IP68 Standalone hall effect tether counter Manual coil Free-wheel uncoil with guide
Depth Rating	50 M (164 FT)
Flood Lights	Dimmable, Shadowless LED Flood
Tether Strength	Minimum Breaking Strength: 453 kg (1000 lb)
Weight (in air)	25 kg (57.2 lb) With tracks: 28.8 kg (63.5 lb)
Included Sensors	Incline, Roll, Leak, Internal Temperature, Camera pan/tilt
Electrical System	19.2 VDC (Lithium batteries), Up to 8 hours Run Time, 1.5 hrs Recharge
Minimum Pipe Size	200 mm (8")
Operating Temperature	-5C to 40C (23F - 104F)

### **DT340XL Pipe Crawler Package – Drive System Specs**

Power	Planetary gear motor (2 pieces)
Gear Train	High strength oversized gears
Final Drives	Magnetically coupled
Wheel Control	Steerable, active freewheel, Infinitely variable (forward & reverse) Infinitely variable (forward & reverse)

### **DT340X Pipe Crawler Package – Dimensions Spec**

Width	270 mm (10.62")
Height	230 mm (9.05")
Length	770 mm (30.3")
