

Underground Pipeline Inspection Equipment

Proteus Lite

The image displays the Proteus Lite underground pipeline inspection equipment. On the left, the equipment is shown in detail, featuring a control unit (CU208) mounted on a frame with a large orange cable reel (RMPL250) and a crawler (CPL150). A list of features is provided: Wifi enabled, Great value, All-in-one system, Compatible with all systems, Battery pack, CAM026 Pan & Rotate Camera, and CPL150 Crawler. A small blue circle with the number 7 is located at the bottom left. On the right, a circular inset shows a worker in a yellow safety vest and orange hard hat operating the equipment next to a white van. The Proteus Lite logo is prominently displayed in the center.
