

# GAS BOTTLE SERIES

The BMR-CS Series

# MAXON®

## Optional Features

- Rollers or Slide Pads
- Dual Pump & Motor
- Power Down on Demand
- Auxiliary Controls System
- Hand-Held Remote Control
- Conspicuity Tape
- Pump Pressure Gauge
- Cab Cut Off Switch

## Rollers OR Slide Pads

As an industry first, the BMR is available with rollers or slide pads

## New Switch Location

Control switch is located on the column and now features an optional power down on demand button

## New Pump Box / Hydraulic Design

Pump and battery box are mounted on a galvanized bolt-on hanger frame. Master disconnect switch is accessible from front of the pump box. Hydraulic components are mounted on a vertical plate that makes all components easily accessible for service

## Polyethylene Pads

Protect lower column areas from dock impacts

## Fully Galvanized - STANDARD

Galvanization is the process by which zinc is coated over corrosive (easily rusted) metals. The process of galvanizing not only protects from corrosion of various 'soft metals' but also adds strength to the original, uncoated metal
