

VAN ROOF RACKS

Ergonomic Ladder Racks make loading and unloading easier.

TOUGH

Military grade aluminum extrusion, high density plastic and stainless steel components ensure no corrosion over the lifetime of the rack.

QUIET

Aerodynamic design with minimal wind noise.

SAFE

No metal contact to ladder, leading to longer life of ladders with less chance of fiberglass splinters.

SUB-UNIT GUIDE	P. 212
----------------------	--------

Ranger Design ladder racks make loading and unloading ladders an easy operation. Ranger Design offers drop-down ladder racks for high roof vans, extra tough racks capable of carrying 32' ladders on compact vans, interior ladder carriers and many other options for different applications.

Please take note that all our ladder racks are powder-coated white except for the Cargo+.

N.B. Models may vary to those shown. Please visit our website for all images.

BEFORE YOU START, ASK YOURSELF

- › What ladders will I be carrying?
- › How often will I be accessing the ladder?

CARGO +

DESIGNED FOR ALL SIZE VANS

CARGO + FEATURES AND BENEFITS

The Rear Roller is constructed from tough and hard wearing stainless steel and attaches easily to the roof rack using our “Anti-Rattle” composite connectors.

The **Cargo+** features T-Track technology which enables quick and easy drill free installs.

The **Cargo +** is the perfect tool for transporting ladders, building materials, pipes and scaffolding.

The **Cargo +** cross bars have been specifically designed to reduce wind noise and drag. The Rear Roller as part of the package of the **Cargo +** is not just a great looking addition to your vehicle, it is also an extra helping hand at the end of a busy day.

MAKE THE BEST USE OF ALL THE SPACE YOU HAVE AVAILABLE ON YOUR VEHICLES!

1870—1880 SERIES

MAX RACK 2.0

DESIGNED FOR HIGH ROOF VANS

Makes loading and unloading ladders an easy operation.

THE EVOLUTION OF OUR DROP DOWN LADDER RACK

TOUGH

- › Military grade aluminum and stainless steel components.
- › No corrosion over the lifetime of the rack.

Only ladder rack with a 3 year warranty

SAFE

- › Easy access from ground.
- › Lower profile on roof.
- › Each mechanism has a weight capacity of 100 lbs (both single and double).

SIMPLE

- › Single stage operation for fast loading and unloading of ladders on high roof vans.

MAX RACK 2.0 IS FAST AND EASY TO OPERATE

LOWER LADDER

1

STEP ONE

Release positive lock before operating the rack.

2

STEP TWO

With both hands, insert the handle into the Max Rack and turn to secure.

3

STEP THREE

Pull the handle down towards you.

4

STEP FOUR

Turn around. Push the handle forward.

5

STEP FIVE

Continue to push the handle until the Max Rack has finished its descent. Do not let go of handle until ladder has fully descended.

RAISE LADDER

1

STEP ONE

Push the handle, don't pull it.

VAN ROOF RACKS – MAX RACK 2.0

1870 SINGLE MAX RACK

fast and easy access to an extension or step ladder with extra room for additional cargo.

VAN ROOF RACKS – DOUBLE CLAMP RACK

TOUGH

- Built from sturdy aluminum.
- Durable polyester straps keep the ladders secure.

SAFE

- The rack slides down to ground level, eliminating the need to stretch or climb onto the van roof.
- Each mechanism has a weight capacity of 130 lbs (both single and double).

SIMPLE

- The mechanism is designed to make loading and unloading, a quick and easy process.

1930-DH SHOWN HERE.

Getting the most from your work van is easy when you choose the right van accessories to help you become **more organized and efficient**.

Good truck and van accessories will always pay for themselves by allowing you to maximize your cargo **space and productivity**.

With so many van accessories to choose from, the best way to find which ones work for you is to take some time to **consider your needs**.

All tradesmen work differently, and **every trade has their own basic tools**.

Make a list of all the equipment that you use daily.

With a list in hand, you'll be able to visualize your needs and determine which of the van accessories will be the **most beneficial**.

REAR STEPS

Climbing in and out of your van several times a day can put a strain on your legs and back, especially when carrying heavy items at the same time. Rear steps give tradesmen quick and easy access to their cargo space. The steps also provide a rugged grip in the winter, so there is no fear of slipping when getting in or out.
