

# Stationary Auger Compactor

Easy to use and  
maintenance  
friendly

Always moves  
material forward

Higher payloads  
on materials  
such as OCC and  
dry waste

Whisper quiet

# Stationary Auger Compactor

Marathon's Stationary Auger Compactors are specifically designed for compacting large volumes of waste material. The Stationary Compactor is best suited for dry waste, such as paper and cardboard. Marathon Auger Compactors offer a sealed compaction chamber without a cavity, where waste can collect, decompose, and smell.

The advantages of using an Auger Compactor:

- » Denser waste volume, reducing transport movements and cost
- » Minimize waste storage space on site

*AST-220 Stationary Auger Compactor*

Specifications for AST-220		
Head Weight	4,250 lbs	1,925 kg
Auger Diameter	36"	900 mm
Container Penetration	11"	265 mm
Charge Chamber Size	1 yd <sup>3</sup>	.76 m <sup>3</sup>
Performance Characteristics		
Auger Speed	14 rpm	14 rpm
Cycle Time	8.5 sec	8.5 sec
Displacement Rate	425 yd <sup>3</sup> /hr	325 m <sup>3</sup> /hr
Electrical Equipment		
Electric Motor 3/60/230-460	20 hp	15 kW
