

Combination Jet Rodding Machine
GapVax Recycler

Recycle Base Includes :

Stainless Steel 10-1/2 Cubic Yard Useable Debris Body
Debris Body Rock Screen / Material Baffle
Full Opening Rear Tailgate
Debris Body Washout System
Liquid Load Level Sight Glasses On Tailgate
6" Decant Valve
Non-Sparking Liquid Ring Vacuum Pump
Debris Body Primary Level Control
Integral Stainless Steel Secondary Separation Compartment With Safety Screen
Pump Compartment Noise Reduction Enclosure
Pump Powered Via Mid-Ship Pto Transfer Case
Pneumatic Actuated Clutch Engagement / Disengagement
9-Stage Water Cleaning System
Water Cleaning Rated At 300 Gallons Per Minute
6" Hydraulic Suction Boom
66' Boom Hose
Power Rotate 180 Degrees
Stationary Stainless Steel 1500 Gallon Water Tank
High Pressure Triplex Water Pump
Water Pump Designed For Recycle Water
Water Pump Rated Up To 125 Gpm @ 2175 Psi
Water Pump Powered Via Mid-Ship Pto Transfer Case
4" Water Supply Line To High Pressure Pump
Cold Weather Air Purge – Pump And Hose Reels
Mid-Mount Large Jetter Hose Reel
Hose Reel Spool Capacity Of 600 Feet Of 1-1/4" Hose
Hose Reel Powered By Chain Driven Hydraulic Motor
Automatic Hose Winder
Constant Hose Tensioning System
1-1/4" Pneumatically Actuated Ball Valve – Water On/Off

Combination Jet Rodding Machine
GapVax Recycler

Digital Hose Footage Counter
Small Jetter Hose Mounted On Boom
Small Reel Spool Capacity 300 Feet Of 1/2" Hose
Small Reel Powered By Chain Driven Hydraulic Motor
Small Reel Automatic Hose Winder
Long Storage Compartments With Aluminum Doors On Both Sides Of Body
Stainless Steel Underbody Toolboxes On Both Sides
Engagement Controls For Mid-Ship Transfer Case Pto In Cab
Rear Control Panel With Color Coordinated Touch Screen
E-Stop On Rear Panel
Controls Include Vacuum Operation, High Pressure Water Operation, And Water Recycle System
Master Remote Control (Belly Pack)
Remote Auto Lube System For Chassis And Recycle Module
Rear Camera
Traffic Cone Holder
Wheel Chock Holder
Rope Reel
Sink
Work Vise
Limited Cold weather operation system
Hydrant Wrench
Operations And Maintenance Manual
40 hours of Onsite Training
