

# **BLOWERS**

**82V**  
LITHIUM-ION

Greenworks Commercial 82V blowers are built for hard work. Each model features a brushless motor that provides incredible torque, extended runtime, and long life — and with up to 690 CFM maximum air volume and 160 MPH maximum air speed, there's plenty of power for outstanding performance in the toughest conditions. All models feature trigger-activated variable speed control, and most are equipped with turbo boost and cruise control. All Greenworks Commercial blowers are versatile, powerful, and perfect for all those finishing touches, like clearing grass clippings, hedge clippings, pesky leaves, sand, dirt, and more.
