

EZ-Dumper[®]

The Original Hydraulic Dump Insert

Turn Your *Pickup* Into a *Dump Truck* in 2-3 Hours!

EZ-Dumper® steel and stainless steel dump inserts are tough. Our products are designed, engineered and manufactured to deliver dependable performance in tough conditions and extreme environments - the perfect solution for safely and efficiently moving, transferring and unloading every load - with the push of a button. It bolts directly to most full-size pickup trucks in two or three hours with few or no alterations required. Dump and lower using a 12V Monarch Hydraulic Double-Acting Pump connected directly to your truck's battery. Also available in a 6' model to fit most short bed trucks with a payload capacity of 1.5 cubic yards!

Never unload your truck by hand again.

EZ-Dumper® dump inserts hold and unload up to 6,000 lbs. or two cubic yards of firewood, topsoil, gravel, mulch, grain, sand and more (depending on the weight-carrying capacity of your truck) with the push of a button. Save time, reduce costs, and improve productivity and job site efficiency.

Easy to install and operate.

All you need are a few common tools. No alterations are needed for most trucks. Just slide the dump insert into your truck bed, secure it to your truck's frame with the included hold-down clamps, and you're ready to go. To empty a load, open the tailgate and push a button on your remote. **EZ-Dumper®** dump inserts lift to an angle of 51° in 15 seconds for quick and clean unloading.

Built to last.

From two cubic yards of cordwood to three tons* of crushed stone, **EZ-Dumper®** dump inserts are designed to take a beating from the toughest loads and provide years of reliable service. Made with heavy gauge steel or stainless steel and backed by a structural steel frame, **EZ-Dumper®** dump inserts are built to last. Use them with confidence, and never unload your truck by hand again.

Service Body Dump Insert

*The payload carrying capacity of any truck is determined by the GVWR of the cab chassis, the curb weight of the cab chassis and the weight of the body. It is important that you determine that your truck has satisfactory carrying capacity and axle ratings for your specific application.

STANDARD *Features*

Double Acting Tailgate

Remote Control

Hydraulic Cylinder

12V Electric Motor

OPTIONAL *Accessories*

Deluxe Cab Protector

Protect your cab from whatever you are hauling with the Deluxe Cab Protector. Made from heavy gauge steel, it secures to the top of the insert for a seamless, custom look.

High Side Rail & Tailgate Extensions

Metal High Side Rail and Tailgate Extensions nearly double the volume capacity of your **EZ-Dumper®** and keep your load secure. A must-have for transporting loose materials.

Personalize it with your company logo.

Tarp Roller Kit

Sturdy PVC mesh tarp roller kit contains your load and easily rolls up and out of the way when not in use. Secure it to the top of the cab protector. Available in black.
