LANDSCAPE RACKS

NEXT GENERATION

With a legacy of American manufacturing pride, new forward-thinking leadership and innovative new products and features, the Next Generation of Parkhurst Manufacturing is ready to be your premiere platform body supplier.

Parkhurst Landscape Racks are built to get the job done. With durable components, sound engineering and a manufacturing process focused on quality, Parkhurst Landscape Racks are made to work. They provide fast and efficient loading, hauling and dumping of landscape materials including shrubs, trees, dirt, rock, mulch and grass clippings.

Landscape Racks are compatible with all standard Toughline Platform bodies and have two standard height options available. With a full height side door, heavy duty rear door panels with forged butt hinges, and spring loaded door latches and hold back chains, this is a highly-functional truck rack.

Finished with a durable gloss black powder coat finish, The Parkhurst Landscape Rack looks just as good as it performs in the field.
