SPEED AND MESSAGE TRAILERS

AllTrafficSolutions.com

 MADE IN THE USA

COMBAT YOUR TOUGHEST TRAFFIC, SAFETY AND MESSAGING CHALLENGES

With rugged, state-of-the-art trailers that are easy to maneuver as your needs change.

VERSATILITY

Our trailers are multipurpose tools that you can use to calm traffic, share information, collect traffic data, resolve speeding complaints, capture license plates, and more depending on which All Traffic Solutions (ATS) signs you choose to mount on them.

EASE OF USE

ATS trailers are thoughtfully engineered to be easy to use, transport, and deploy. The trailers feature a simple manual lever lift system for quick 1-person setup. No special equipment is needed to transport them— they can be towed by any size vehicle with a 2" receiver hitch.

RUGGED DURABILITY

Most ATS trailers are still in use after 10 or 15 years of year-round use. The continuous weld steel frame and marine-grade powder coat finish withstands heavy rain, snow, ice, and extreme temperatures without rusting.
