

## 210 Gallon Electric Anti-Ice System with Manual Application Rate Control

**Buyers Part Number:** 6190150

**Buyers Products Electric Anti-Ice Systems with Manual Application Rate Control is an economical way to apply brine.**

- Brine can be sprayed to help prevent ice formation before the storm even hits.
- Durable, high density, UV-stabilized polyethylene tank.
- Electric motor is quiet and easy to maintain.
- Hitch-mounted electric pump and PVC spray bar are easy to remove when the system is not in use.
- Optional hose reel and spray gun (sold separately, see "Accessories" below) makes it easy to treat hard-to-reach areas like stairs and sidewalks.
