

A DIFFERENT POINT OF VIEW.

Get a better look at your high-quality work as you move onto the next job with the WESTERN® Low Profile tailgate spreaders. These high-density, single-stage, poly tailgate spreaders sit lower on trucks to deliver top spreader performance without affecting the operator's view from behind the wheel.

ELECTRIC DRIVE MOTOR

A fully enclosed, 12-volt electric, 1/3 hp motor is mounted inside a sealed housing, protecting it from corrosion.

CONTROLS

Choose between a variable-speed control with an "on/off" button and blast option to optimize material usage or a basic "on/off" toggle control (controls are sold separately).

COVER

A latching, molded polyethylene lid protects de-icing material from the elements.

SPINNER AND SPREADING WIDTH

Models 500 and 1000 both feature a durable 10" polyurethane spinner that delivers a spreading width of up to 30'. Model 2500 comes standard with a large, 15" polyurethane spinner that delivers a spreading width of up to 30'.

MATERIAL DELIVERY

Material is delivered by a powder coated, vertical steel auger. The unique design helps break up clumps and prevents material from spilling.

ADJUSTABLE FEED GATE

On Model 2500, a specialized "saw-tooth" feed gate and auger design combine to deliver complete, reliable flow control with positive shut-off, eliminating spillage and waste.

RATCHET STRAPS

Ratchet straps are provided standard for additional spreader stability on the Model 500 and 2500 spreaders only.

ACCESSORIES

MODELS 500, 1000 AND 2500

Top Screen | Adjustable Deflector | 5-Flight Auger | Truck Protector Flap (Model 1000 only)

Consult your local WESTERN® dealer or westernplows.com for accessory compatibility and availability.

“

CAPACITY AND MOUNT OPTIONS

MODEL 500 – 5.0 cu ft capacity

Comes standard with a Class III 2" receiver hitch mount.

MODEL 1000 – 8.0 cu ft capacity

Available mount options include a Class IV receiver hitch mount, a fixed mount, or a dual-swing mount*.

MODEL 2500 – 8.5 cu ft capacity

Comes standard with a Class IV receiver hitch mount.

*Mounts sold separately.

CONVENIENCE FOR OPERATORS— NO STRINGS ATTACHED.

When winter won't wait, the WESTERN® LOW-PRO 300W wireless electric tailgate spreader quickly mounts onto pickup trucks, SUVs, utility vehicles and tractors without drilling or wiring. Standard with a completely wireless key fob control, 2" receiver hitch, and a 7-pin plug, this is THE ultimate in "plug 'n' play" convenience.

ELECTRIC MOTOR

A fully enclosed, 12-volt electric, 1/3 hp motor and maximum-torque transmission drive the spinner mechanism.

CORROSION-RESISTANT HOPPER

The LOW-PRO 300W wireless electric tailgate spreader features a corrosion-free polyethylene hopper for long-lasting durability.

MATERIAL DELIVERY

Material is delivered by a powder coated, vertical steel auger. The unique design helps break up clumps and prevents material from spilling.

SPINNER AND SPREADING WIDTH

A 10", corrosion-free spinner delivers a spreading width of up to 25' and ensures long life and optimal delivery of bagged salt.

EASY ON / OFF

Attaching and detaching is easy with the standard 7-pin plug.

WIRELESS CONTROL

The completely wireless key fob control offers one-touch, on/off operation with two spinner speeds to match the spread pattern to the job.

ACCESSORIES

Clear Weather Cover | Supplemental 7-Pin Harness Kit (for vehicles with no 7-pin trailer hookup)

Consult your local WESTERN® dealer or westernplows.com for accessory compatibility and availability.
