

DRAG PRO®

TIME SAVED IS MONEY EARNED

The BOSS DRAG PRO® brings power and productivity to the back of your truck. The DRAG PRO® mounts from the rear, allowing you to pull snow from the back while clearing large areas like commercial parking lots. Expand the hydraulic folding wings up to a maximum of 16' to clear more snow with each pass—saving time and money. The down force of the plow helps the DRAG PRO® scrape more cleanly and efficiently than traditional plows, especially in wet snow. Pair with BOSS V-plows, straight-blade plows or EXT plows for the ultimate plowing rig.
