## TUFF-KOTE™

MORE THAN DOUBLE THE LIFE OF YOUR PLOW

### SANDBLAST

Remove all impurities and contaminants

### PRIME

Seal and fill any inconsistencies in the material

### TOP COAT

Acts as an additional primer and prepares the surface for the final treatment

### SUPER DURABLE

### POLYESTER POWDERCOAT

Protects your plow from the elements for years to come

# WINTER DOESN'T KEEP

## TWO WAYS TO LIGHT UP THE NIGHT:

### THE BEST OPTION

#### **ILLUMINATOR™ HEATED LED LIGHTS**

##### **Brilliant Wide-Angle LEDs**

Over twice as bright as traditional halogens.

##### **Active Defrosting Technology™**

Prevents streaky defrosting so 100% of the light shines through.

##### **Long Lasting Power**

Go years without changing a bulb.

### IMPROVED

#### **HX HIGH INTENSITY HALOGENS**

##### **Powerful Halogens**

Won't ice up in frigid conditions.

##### **High Intensity Bulbs**

Our brightest halogen bulbs ever.

##### **Optimized Internal Reflectors**

For focused high and low beams.

##### **Dual-Post Captive Bolt Design**

Vibration resistant for years of use.

## Need More Light?

Check Page 42 for the **Illuminated LED Guides**

# BANKER'S HOURS.

# INSIST ON A PRODUCT

## **PRECISION WELDING**

State-of-the-art robotic welding produces consistent, high quality welds for strong and durable joints.

## **METICULOUS QUALITY CONTROL**

Each plow is inspected and tested at multiple points in its design and production cycle. Field and lab testing make sure plows are ready for the rigors of winter.

## **RAPID AVAILABILITY**

When it comes to snow equipment, we realize no one has time to wait. That's why we stock a deep inventory of plows, electrical connectors, and mounts. Need an unusual mount? Give us a shout—we'll get it to you fast!

# STATE-OF-THE-ART MANUFACTURING

# FROM A COMPANY YOU CAN TRUST

## **FLOATING A-FRAME™**

Our patented Floating A-Frame's sliding pin design lets SnowDogs bite the ground for a clean, even scrape. As a bonus, the design also promotes even cutting-edge wear.

## **UNSTOPPABLE HYDRAULICS**

A fully-enclosed 2 HP hydraulic power unit combined with hefty 3/8" hoses and SAE standard cartridge valves give SnowDogs more responsive angling, stacking, and snow-throwing power.

## **EASY-TO-USE CONTROLS**

The backlit one-handed controller puts all plow functions in the palm of your hand. It's simple to use, even with gloves on.

# INNOVATIVE PRODUCT DESIGN

# MOUNT AND DISMOUNT IN RECORD TIME WITH THE

## RapidLink™ Attachment System

### 1. Enter Mount Mode

Hold the Down Button for one second to activate float mode (blue light).

Hold the Down Button again for one second to activate Mount Mode (red flashing light).

### 2. Drive Into the Plow and check for Alignment

IF

proceed to Step 4

IF

proceed to Step 3

### 3. Lift Frame too High?

Push the JACK SWITCH into MOUNT (down) position to lower the rear of the lift frame.

### Lift Frame too Low?

Back up the truck 6"-12" to allow room to raise the plow receiver. Push the JACK SWITCH into DISMOUNT (up) position to raise the rear of the lift frame.

### 4. Push Switch Down then Push Chain Lift Down

Make sure there is slack in the chain

### 5. Pull Foot Pedal then Push on Light Tower

### 6. Insert Snapper Pin then Raise Drop Foot

See mount/dismount instructions located on the moldboard for more information. Be sure to register your plow at [www.BuyersProducts.com](http://www.BuyersProducts.com) where you can also find installation instructions, technical specs and full parts diagrams.

**Our simple and reliable RapidLink™ and Jack Switch allow you to adjust the plow's mounting height to different trucks or mounting conditions.**

*RapidLink is patent pending.*

# MDIII

## Full Plow Features for Lighter Trucks

1/2 Ton Trucks, Jeeps, and SUVs

### STANDARD FEATURES

---

#### Full Size Features with Half the Weight

Weight optimized for 1/2 ton trucks or SUVs (even with no plow prep).

#### Floating A-Frame™

Contour the road for clean scraping and even cutting edge wear.

#### 304 Stainless Steel Moldboard & 3/8" Steel Cutting Edge\*

An investment that will last.

#### Six 3/16" Laser-Cut Steel Ribs and a Full-Length Cross Tube

Provides maximum strength and stability across the length of the plow.

#### Full Trip Action

Two stress-optimized trip springs protect from hidden curbs and obstacles.

*\*1/2" Steel Cutting Edge on MD80*

### INCLUDED ACCESSORIES

---

Contoured Poly Snow Deflector

Cast Plow Shoes

Wire Reinforced Blade Guides

In-Cab Controller

Single hand operation.

Available Sizes  
80", 90", 96"

Shown with Illuminator™  
Heated LED Plow Lights

### RapidLink™ Attachment System

Mount and dismount the plow in a minute or less. See page 12 for details.

### Municipal Style Chain Lift

Stack high and adjust easily.

### Fully Enclosed Hydraulic Power Unit

Gain easy access via large maintenance panel.

# VMD III

## V Plow Versatility for Lighter Trucks

1/2 Ton Trucks with Plow Prep, 3/4 Ton and Heavier Trucks

### STANDARD FEATURES

---

**Full Size Features with Half the Weight**  
Weight optimized for lighter trucks.

**Floating A-Frame™**  
Contour the road for clean scraping and even cutting edge wear.

**304 Stainless Steel Moldboard & 3/8" Steel Cutting Edge**  
An investment that will last.

**Eight Laser-Cut Steel Ribs and Two Full-Length Cross Tubes**  
Provides maximum strength and stability across the length of the plow.

**Double Acting Angle Cylinders**  
Back drag with confidence, even in tight spaces.

**Trip Edge Design**  
Each wing has a 6" trip edge that protects from hidden curbs and obstacles.

### INCLUDED ACCESSORIES

---

**Contoured Poly Snow Deflector**  
**Wire Reinforced Blade Guides**  
**In-Cab Controller**  
Single hand operation.

Available Size  
90"

Shown with Illuminator™

Mount and dismount the plow in a minute or less. See page 12 for details.

### Optional Wings - Part No. I 16021712

Add a full 2' of width to your plow with the VXF Series Plow Wing Kit.

**ALL NEW**

# VXXIII

**Commercial / Municipal Duty V Plow**

Class 4, 5, and 6 Trucks

## STANDARD FEATURES

---

**Trip Edge Design**

Allows for plowing over obstacles. Great for gravel, dirt, or uneven roads.

**Standard Double Acting Angle Cylinders**

Back drag with ease.

**Heavy-Duty Floating A-Frame™**

Contour the road for clean scraping and even cutting edge wear.

**Designed to Take on the Big Jobs**

1/2" thick trip angles and a 1-1/4" diameter center hinge pin provide unparalleled strength.

**Municipal Style Chain Lift**

Stack high and adjust easily.

**Fully Enclosed Hydraulic Power Unit**

Gain easy access via large maintenance panel.

**304 Stainless Steel Moldboard & 5/8" Steel Cutting Edge**

An investment that will last.

## INCLUDED ACCESSORIES

---

**Contoured Poly Snow Deflector**

**Wire Reinforced Blade Guides**

**Backlit Controller**

Switch from V to scoop or angled positions with one button, or maintain independent wing control for finer adjustments.

Available Sizes  
**126"**

Shown with Illuminator™  
Heated LED Plow Lights

### **RapidLink™ Attachment System**

Mount and dismount the plow in a minute or less. See page 12 for details.

### **Municipal Style Chain Lift**

Stack high and adjust easily.

### **Structurally Reinforced**

1/2" thick trip angles and a 1-1/4" diameter center hinge pin provide unparalleled strength.

# XP<sup>III</sup>

**Hydraulic Wings Expand from 8 - 10 Feet**

3/4 Ton and Heavier Trucks

## STANDARD FEATURES

---

**True 10' Wide Scoop**

For efficient snow control and clearing.

**Adjustable Flared Wings**

Can be operated independently for superior windrowing and maneuverability.

**Nine Laser Cut Steel Ribs**

Provide reliable strength.

**Floating A-Frame**

Contour the road for a clean scrape and even cutting edge wear.

**Fully Enclosed Hydraulic Power Unit**

Gain easy access via large maintenance panel.

**304 Stainless Steel Moldboard & 1/2" Steel Cutting Edge**

An investment that will last.

## INCLUDED ACCESSORIES

---

**Contoured Belted Rubber Snow Deflector**

**Cast Shoes**

**Wire Reinforced Blade Guides**

**Heavy Duty Shock Kit**

**In-Cab Controller**

Expands  
**96" - 120"**

Shown with Illuminator™  
Heated LED Plow Lights

## Ultimate Versatility

Retract/expand one or both flared wings at the press of a button to efficiently maneuver, windrow, and clear snow.

# NEXT GENERATION

# CMIII

## Commercial / Municipal Plow

For Vehicles with 10,000 - 29,000 GVWR

### STANDARD FEATURES

---

#### **31" High / 108" or 120" or 132" Wide Moldboard**

Makes the CM a powerful snow mover for commercial and municipal applications.

#### **10 Vertical and 2 Diagonal Ribs**

Create robust strength to handle heavy, wet snow.

#### **Heavy-Duty Floating A-Frame™**

Contour the road for clean scraping and even cutting edge wear.

#### **304 Stainless Steel Moldboard & 5/8" Steel Cutting Edge**

An investment that will last.

#### **6 Stress-Optimized Trip Springs**

Provide up to 85° of smooth full-moldboard trip action.

*Central Hydraulic-Operated Lift Frame Available*

### INCLUDED ACCESSORIES

---

Heavy Duty Belted Rubber Snow Deflector

Wire Reinforced Blade Guides

Cast Plow Shoes

Controller

Available Sizes  
**108", 120", 132"**

Shown with HX High Intensity Halogens  
Also available with Illuminator™ Heated LED Plow Lights

### **RapidLink™ Attachment System**

Mount and dismount the plow in a minute or less. See page 12 for details.

### **2" x 12" Angle Cylinder**

Delivers greater angling force than standard cylinders.

### **Heavy Duty Lift Arm and Cylinder**

Lift arm with heavy duty 2" x 6" lift cylinder and 35° travel provides exceptional snow stacking.

# VUT / MUT

## Hydraulically-Controlled Plows Specifically Designed for UTV Applications

Ideal for Sidewalks, Parks, and Campuses

### STANDARD FEATURES

#### Weight Optimized for UTVs

Get the power of a SnowDogg® professional plow that will fit most full-size UTVs.

#### Fast-Acting Hydraulic Power Unit

Hydraulic angle, lift, and wing control for UTV plows.

#### 304 Stainless Steel Moldboard & 3/8" Steel Cutting Edge

An investment that will last.

#### Narrow Width at Angle

Available at a minimum of 63" with blade at angle.

#### Full Trip (MUT) or Trip Edge (VUT) Design

Feel confident, even when you can't see what's below the snow.

### VUT SPECIFIC FEATURES

#### Double Acting Angle Cylinders

Back drag with ease.

#### Flared Wings

Throw snow powerfully.

#### Narrow Width at "V" position

VUT65 has a 60" width in "V" position for narrow sidewalks.

### INCLUDED ACCESSORIES

#### Wire Reinforced Blade Guides

#### Controller

Single hand operation.

Available Sizes

VUT - 78"

MUT - 72", 80"

### **Power Unit / Hydraulics**

Equipped with full size SAE cartridge valves, oversized rubber hoses, and integral valve manifold.

### **Angle Cylinders**

Standard 1-1/2" x 8" double acting angle cylinders allow for real back dragging.

# SKTE

## Skid Steer Plows with Hydraulic Angling and Trip Edges

Universal Skid Steer Mount

### STANDARD FEATURES

---

#### Universal Skid Steer Mount

Easily mount to any skid steer.

#### Hydraulic Angle Cylinders

Work with skid steers' existing hydraulic lines for responsive maneuverability.

#### Trip Edge Design

To respond to hidden divots and obstacles.

#### 304 Stainless Steel Moldboard & 1/2" Steel Cutting Edge

An investment that will last.

### INCLUDED ACCESSORIES

---

Contoured Poly Snow Deflector

Wire Reinforced Blade Guides

Cast Plow Shoes

Available Sizes  
90", 96", 108"

### **Trip Edge Design**

Provides smoother plowing over obstacles.

### **1-1/2" x 12" Angle Cylinders**

High angling force for handling heavy snow.

### **Optional Wings - Part No. I 16021310**

Add a full 2' of width to your plow with the TE Series Plow Wing Kit.

# SKID-STEER / COMPACT SERIES PUSHERS

Minimum Required Machine Weight of 5,500 lb / 2,500 lb

Minimum Required Horsepower of 46 HP / 30 HP

## STANDARD FEATURES

### Durable Tuff-Kote™ Finish

Corrosion resistant powder coat doubles the life of your pusher.

### Dual 4" Channels

Durable support where it's needed most.

### AR400 Wear Shoes

Abrasion resistant steel provides superior wear life.

### Universal Quick-Coupler Attachment

Versatile and easy attachment and removal.

### Heavy Duty Precision-Rolled Moldboard

Enhanced snow rolling for a better quality push.

## SKID-STEER SERIES SPECIFIC FEATURES

### Premium Rubber Compound Cutting Edge

1" x 8" cutting edge slices through snow and ice.

### Extreme-Duty Wear Shoes

5" x 3/4" wear shoes are made of AR400 steel for far greater wear life.

## COMPACT SERIES SPECIFIC FEATURES

### Premium Rubber Compound Cutting Edge

1" x 6" cutting edge slices through snow and ice.

### Extreme-Duty Wear Shoes

3" x 3/4" wear shoes are made of AR400 steel for far greater wear life.

Available Sizes  
8', 10', 12'

Available Sizes  
6', 8', 10'

## SKID-STEER SERIES SPECIFIC FEATURES

### **Optional Back Drag Kits**

Include a 1" x 6" rubber cutting edge mounted to a black powder coat steel frame & a set of 3/4" thick abrasion resistant steel wear shoes. Used to pull snow away from buildings, docks and other tight places. The kit is bolt-on & removable.

### **7 Ga Rolled Steel Moldboard**

with 5/16" thick side plates

## COMPACT SERIES SPECIFIC FEATURES

### **Rubber Edge**

3/8" x 3" rubber edge mounting bracket, 1" x 6" premium rubber edge, 5/8-11, grade 5 carriage bolts

### **10 Ga Rolled Steel Moldboard**

with 1/4" thick side plates

# LOADER SERIES PUSHERS

Minimum Required Machine Weight of 13,000 lb

Minimum Required Horsepower of 100 HP

## STANDARD FEATURES

### Durable Tuff-Kote™ Finish

Corrosion resistant powder coat doubles the life of your pusher.

### Extreme Duty 12" H-Beam Design

Dependable strength where it's needed most.

### Inside Posts with 3/8" Side Plates

Protect the equipment from impact damage.

### Fully-Welded Lower Posts

Keeps the post higher off the ground to prevent damage from roll back.

### AR400 Wear Shoes

Abrasion resistant steel provides superior wear life.

### Premium Rubber Compound Cutting Edge

1-1/2" x 10" cutting edge slices through snow and ice.

Available Sizes

12', 14', 16', 18', 20'

**7 Ga Rolled Steel Moldboard**  
with 3/8" thick side plates

**Rubber Edge**  
3/8" x 4" rubber edge mounting  
bracket, 1-1/2" x 10" premium rubber  
edge, 5/8-11, grade 5 carriage bolts

**Reinforced Support**  
4" x 4" 3/16" lower posts and  
3" x 4" x 3/16" upper posts with  
72" wide x 4.5" tall post spacing

# **BACKHOE SERIES PUSHERS**

**Minimum Required Machine Weight of 12,000 lb**

Minimum Required Horsepower of 50 HP

## **STANDARD FEATURES**

### **Durable Tuff-Kote™ Finish**

Corrosion resistant powder coat doubles the life of your pusher.

### **Extreme Duty 12" H-Beam Design**

Dependable strength where it's needed most.

### **Inside Posts with 3/8" Side Plates**

Protect the equipment from impact damage.

### **Fully-Welded Lower Posts**

Keeps the post higher off the ground to prevent damage from roll back.

### **AR400 Wear Shoes**

Abrasion resistant steel provides superior wear life.

### **Premium Rubber Compound Cutting Edge**

1-1/2" x 10" cutting edge slices through snow and ice.

Available Sizes

**10', 12', 14'**

**7 Ga Rolled Steel Moldboard**  
with 3/8" thick side plates

**Rubber Edge**  
3/8" x 4" rubber edge mounting  
bracket, 1-1/2" x 10" premium rubber  
edge, 5/8-11, grade 5 carriage bolts

**Reinforced Support**  
4" x 4" 3/16" lower posts and  
3" x 4" x 3/16" upper posts with  
68" wide x 4.5" tall post spacing

Part No.	Description
16120840	Center Cutting Edge, V-Plow DS
16120842	Center Cutting Edge, VUT DS
16120852	Center Cutting Edge, VUT PS
16120850	Center Cutting Edge, V-Plow PS
16120860	Cutting Edge, VUT
16120870	Cutting Edge, VXX105
16120920	Cutting Edge, 90" x 1/2", XP810
16120940	Wing Cutting Edge, XP810 DS
16120950	Wing Cutting Edge, XP810 PS

## Rubber Deflectors

Part No.	Description
16121157	Deflector, 80" Rubber (MD80)
16120157	Deflector, 90" Rubber
16120159	Deflector, 96" Rubber
16120161	Deflector, 102" Rubber
16120163	Deflector, 108" Rubber
16120164	Deflector, 120" Rubber
16120165	Deflector, 132" Rubber (CM110)
16120171*	Deflector, VXF85, Rubber
16120173*	Deflector, VXF95, Rubber
16120180	VXF Rubber Kit

\*V-plows need two deflectors

## Back Drag Edges

Part No.	Description
16124010	Back Drag Edge, MD68
16124020	Back Drag Edge, 7.5' MD/HD/EX
16124030	Back Drag Edge, 8' MD/HD/EX
16124040	Back Drag Edge, 8.5' EX85
16124050	Back Drag Edge, 9' EX90

## Maintenance

16109020

Part No.	Description
16109020	Emergency Kit for Straight Blade Plow
16109030	Emergency Kit for V-Plow
16150010	Hydraulic Fluid, 12 QTS Case

## Illuminated LED Guides

1308124 Shown on VXF95II

1308126 Horizontal Adapter Kit

1308124 Shown with Wire Harness

- Patented light-up design makes it easier to see your equipment in low visibility conditions
- Includes wiring harness that is 12 ft per side with a pre-terminated male bullet connector and ring terminal to connect to the LED guides
- Unique, eye-catching look helps your truck stand out from the competition
- Easy wiring and installation that only requires a few basic tools
- Compatible with most snow plows and truck bumpers

Part No.	Description
1308124	24 Inch Illuminated LED Snow Plow Blade Guides
1308128	28 Inch Illuminated LED Snow Plow Blade Guides
1308136	36 Inch Illuminated LED Snow Plow Blade Guides
1308126	Horizontal Adapter Kit for 1/2" Base with Hardware (Required for SnowDogg plows with Illuminated LED Guides)

## Our Corporate Family of Companies

Founded in 1946, Buyers Products is a fully integrated manufacturer and a leader in the truck equipment industry. Our engineering, manufacturing and assembly operations take place in the USA, under the Buyers family of companies. **Buyers Products' mission is to improve our Customers' profitability and productivity while enhancing the quality of our products and services.**

## Our History

Buyers Products Company founded by Sam Ruven and Bessie Kleinman as a distributor of driveline components.

Buyers continued to grow its product offerings and build valued relationships with customers and suppliers. Increased demand for products led to the pursuit of supply chain manufacturing solutions.

1992 Buyers acquired Trailer Components Manufacturing (Tracom) for CNC precision machining and tooling, as well as state-of-the-art welding.

1995 Buyers acquired Progressive Powder Coating. Our Nordson automatic powder application booth is used to powder coat our Buyers toolboxes and other truck and trailer accessories.

2002 Buyers moved its corporate headquarters to a brand new 235,000 sq. ft. state-of-the-art office and distribution center.

2004 Buyers acquired Romotech in New Paris, Indiana. Our Ferry Industries Rotospeed molding machines are used to manufacture our poly salt spreaders.

2007 Buyers began manufacturing the SnowDogg stainless steel snowplow at our Mentor, Ohio facility.

2009 Buyers began our operations at Boomerang Rubber, in Botkins, Ohio manufacturing mudflaps, wheel chocks and other rubber truck and trailer accessories.

2013 Buyers acquired an additional 500,000 sq. ft. manufacturing facility in Mentor, Ohio allowing for expansion of our aluminum and stainless steel manufacturing.

**ALL YOUR WORK  
TRUCK PRODUCTS  
ALL THE TIME.**

2017 Buyers launches new website with business partner portal, to make online ordering and account maintenance easy for customers.

2016 Buyers establishes a 22,000 sq ft Engineering Tech Center in Mentor, Ohio. It's multi-use lab, design, training and prototyping space is dedicated to the research and development of innovative product.

2021 Buyers adds almost 300,000 sq ft of additional, state-of-the-art warehouse and office space to maintain the quick turnaround and competitive value their customers expect.
