

Drive Pro™

Clear driveways start here

As manufacturers of 1/2-ton pick-ups keep offering lighter-weight models, Meyer has developed a rugged snow **plow made of lightweight, high-strength steel.**

The Drive Pro offers commercial-grade plow construction and performance in a size that's **perfect for driveways and other tight residential areas.**

The Drive Pro offers powerful performance features like **field-adjustable trip springs** and an **easy-on/easy-off single-pull pin mount** that leaves the vehicle with a showroom appearance when not plowing. All Drive Pro models feature **Meyer Nite Saber III lights.**
