### QUICK ACCESS FROM EITHER SIDE OF THE TRUCK BED

WEATHER GUARD® Gull Wing Boxes allow access from either side of the truck with two independent covers. A productivity-aiding plus is an automotive-style latch that allows you to pop each cover open with one hand. These rugged, versatile boxes are available in steel with a Brite White or Gloss Black ARMOR TUF® Powder Coat, or in aluminum diamond plate (Clear or Gloss Black) and a full weather seal keeps out the elements. Gull Wing Boxes can be used in combination with Lo-Side or Super-Lo Boxes for even more storage.

### MAKING USE OF SPACE AROUND THE WHEEL WELLS

WEATHER GUARD® has figured out a way to make use of otherwise unutilized truck bed space above and behind the wheel wells with these uniquely shaped boxes. They establish a great location for storing small parts and hand tools to which you often need quick, easy access. They're constructed of either steel—protected with a Brite White ARMOR TUF® Powder Coat finish—or aluminum diamond plate (Clear or Gloss Black). Wheel Well Boxes leave plenty of room in the truck bed for hauling around your weekend toys.
