

550 Gallon Gas-Powered Anti-Ice System with Automatic Application Rate Control

Buyers Part Number: 6191121

Buyers Products 550 Gallon Gas-Powered Anti-Ice System with Automatic Application Rate Control uses a dependable Honda® engine to effectively and efficiently apply brine to the road.

- Brine can be sprayed to help prevent ice formation before the storm even hits.
- Applies brine based on road speed when paired with a ground speed-oriented controller (sold separately).
- Durable, high density, UV-stabilized polyethylene tank.
- System comes standard with black powder-coated leg stand, making it easy to load/unload, and store the system.
- Uses a dependable gas-powered Honda® engine.
- Micro-Trak Roadmaster™ controller provides accurate rate control and performance tracking (sold separately).
