

ROLL TARP KIT FOR 6 FOOT STEEL AND STAINLESS STEEL DUMPERDOGG™ INSERTS

- Full coverage mesh tarp protects material in the bed from wind, bumpy roads, and more.
- Extruded aluminum cross bar adjusts for perfect fit.
- Installation is simple and fast. Mounting hardware included.
- DumperDogg Cab Guard (sold separately) is required for installation.

Protect material in your bed from wind, bumpy roads, and more with a Roll Tarp Kit from Buyers Products. Designed to work with 6 ft steel and stainless steel DumperDogg dump inserts, the tarp kit includes an extruded aluminum cross bar that telescopes to the exact bed width for a perfect fit.

The black mesh tarp covers the bed and is held in place with included tie down hooks and rubber straps. A 7 in. folding crank with detent lets you retract the tarp with ease. All mounting hardware is included for fast

installation.

The DumperDogg Cab Guard (sold separately) is required for installation.

Product Common Use: Landscaping, Construction, Contractors, Agriculture

CAB GUARD FOR DUMPERDOGG®

- Protects your back window from debris and other objects when used with DumperDogg inserts.

Buyers Products Cab Guard is designed to work with steel and stainless steel DumperDogg inserts. They bolt on to the DumperDogg and protect against debris, loose material, and other objects that could damage your back window.

Product Common Use: Landscaping, Construction, Contractors, Agriculture

SIDE WALL EXTENSION BRACKETS FOR DUMPERDOGG™

- Add volume capacity to DumperDogg inserts.
- All mounting hardware included.

Buyers Products Side Wall Extension Brackets fit on steel or stainless steel DumperDogg inserts to increase volume capacity, letting you load more. Simply install the brackets and add 2 x 12 boards to extend the height of the side walls.

The extension brackets include all mounting hardware and must be used with the DumperDogg Cab Guard installed.

Product Common Use: Landscaping, Construction, Contractors, Agriculture
