

Fuel Trailers

That Work For You

FuelMate™ trailers come in all shapes and sizes to meet your field servicing needs. The FuelMate line of trailers lead the industry with unique, custom, and state-of-the-art designs.

**Reducing downtime
when it matters most.**

Flexible solutions for your field servicing needs!

All of the FuelMate™ fuel trailer tanks are independently mounted on the frame with spring loaded bolts. Not only does this allow for maximum vibration control, but it also provides easy access if repairs are needed. The tub baffle system allows for both front to back flow control and side to side flow with 30% of the fuel contained in the center tub.

FuelMate™ Trailers are built using tubed framing and 2" top and bottom horizontal supports allowing for more strength than a standard "C" channel frame. Walking axles are used to allow for weight to be evenly distributed on both axles at all times. All tanks are built with corner bracing for additional strength and structural stability.

Standard Features

- Weatherproof lockable cabinet doors with adjustable T-handle latches with easier access points and top open hatch for more access
- 2-part primer powder/white powder coating process (optional colors available)
- Rock guard spray on coating on all forward facing parts for extra protection
- Internal tub baffled tank independently mounted
- DOT compliant with LED Lighting
- Walking spring axles with electric brakes on both axles
- Filtration system
- Reinforced tread plate fenders with access steps
- Tubular steel frame
- Adjustable hitch

Capacities

- 500, 750 and 990-gallon standard capacities

Fuel Trailer Options

Trailer	Cabinet	Pump (Choose any)	Hose/Reel	Mechanics Drawers	Meter
500-Gallon (w/ 50-gal DEF option)	54" Cabinet	12V, 110V, or Gas Pump	25' or 50' Spring Retractable Reel	Two Mechanics Drawers	40 GPM Resettable Mechanical Meter
750-Gallon (w/ 100-gal DEF option)	54" Cabinet	12V, 110V, or Gas Pump	25' or 50' Spring Retractable Reel	Two Mechanics Drawers	40 GPM Resettable Mechanical Meter
990-Gallon (w/ 100-gal DEF option)	54" Cabinet	12V, 110V, or Gas Pump	25' or 50' Spring Retractable Reel	Two Mechanics Drawers	40 GPM Resettable Mechanical Meter

Fuel Trailers

Economy Fuel Trailers

- Available in 500 and 990-gallon capacities
- Tanks internally baffled
- Trailer comes equipped with electric brakes, white spokes with radials, removable drop leg jack, safety chains, adjustable height hitch and all DOT lighting
- Choose between a 12-volt or gas powered fuel pump
- Optional 50-gallon DEF self-contained system

Deluxe Fuel Trailers

- Available in 500, 750 and 990-gallon capacities
- Tanks internally baffled
- Deluxe trailer comes standard with space to accommodate for DEF upgrade at future date
- Trailer comes equipped with one 54" cabinet with two bottom opening lockable doors, electric brakes, white mod with radials, removable drop leg jack, safety chains, adjustable height hitch and all DOT lighting
- Lockable cabinet to house one 25' x 1" diesel fuel reel with Husky auto nozzle and high flow fuel swivel
- One 5.5 H.P. Honda engine w/ 2" transfer pump w/ double filter head and filters, capable of producing 40 GPM, high flow FR901 40 GPM mechanical meter
- Flow rate totalizer to 99.9 GPM
- (1) 23" x 3" and (1) 23" x 5" deep drawer

DEF Trailers

- Available in 500, 750 and 990-gallon capacities
- Tanks internally baffled
- Trailer comes equipped with one 54" cabinet with two side opening lockable doors, electric brakes, white spokes with radials, removable drop leg jack, safety chains, adjustable height hitch and all DOT lighting
- Lockable cabinet to house one 25' x 1" diesel fuel reel with Husky auto nozzle and high flow fuel swivel. One 5.5 H.P. Honda engine w/ 2" transfer pump with double filter head and filters

DEF trailers come equipped two different ways:

1. DEF Ready with 100-gal stainless steel DEF tank on trailer and plumbed to cabinet for customer supplied DEF pump and reel
2. DEF Ready with 100-gal stainless steel DEF tank on trailer and plumbed to cabinet with 12V or 110V (generator required) pump and DEF safe reel and nozzle

Custom Fuel Trailers

We understand the need to maximize the use out of every piece of equipment. We are a custom manufacturer and have the ability to build a fuel trailer to suit your needs. From a simple color upgrade from our standard white powder coat to a full mobile service unit, we can build a trailer for you. Just give us a call and let us know what you have in mind and we'll take it from there.

FUELMATETM Fuel Trailers

Product Options

Pumps

- Honda gas powered 5.5 HP motor with 2" pump. Capable of 40 GPM at nozzle. Dual filtered system with Husky high flow auto nozzle
- 115V Fill-Rite pump capable of 30 GPM at nozzle. Dual filter system with Husky high flow auto nozzle. (Generator needed)
- 12V Fill-Rite pump capable of 20 GPM. Single filter system with Husky auto nozzle
- 12V Fill-Rite pump capable of 25 GPM. Single filter system with Husky auto nozzle
- 1" Diaphragm pump capable of 20 GPM. Single filter system with Husky auto nozzle
- 12V DEF pump capable of 8gpm, DEF filter and on board battery

Upgrades

- 25' and 50' reel upgrades
- Puma electric start air compressor, 8HP Honda capable of 20 CFM with Twin 8-gallon tanks and electric start
- Puma air compressor driven by 13 H.P. Honda engine capable of 25 CFM and electric start
- 13 H.P. compressor/generator set run by Honda engine. 3500W generator with four 110v outlets and electric start
- Compressor/generator/welder
- Rear cabinet
- Underbody valve guard
- Utility wash cabinet with first aid kit
- Clear and Red diesel split packages
- Spare tire carrier
- Aluminum wheels
- Lube and grease add on options
- Additional lighting options
