

# Cassette Lift Under Van

C001.03 Series 660 lbs

## DHOLLANDIA

### APPLICATION

The **DHOLLANDIA C001.03 Series Lift** stows neatly in a sealed cassette box under the loading floor of the vehicle. This solution *keeps the access through the rear door free*, and occupies *no space inside the vehicle*. The C001 can be mounted to most types of commercial vans with a max. floor height of 33-1/2".

For operators that need occasional use of a lift to load and unload heavy items, this lift is the perfect solution. The flat platform is suitable for carts, small machines & equipment, and delivery items that require a hand truck.

-  **660 lbs lift capacity**
-  **Flat platform level ride lift**
-  **Stowed and sealed beneath the vehicle**
-  **2 Lift cylinders for maximum stability**
-  **Perfect FINAL MILE solution**
-  **2-Button handheld remote included**
