Patent pending

STANDARD WFL SERIES ADVANTAGES INCLUDE:

- 46" to 56" bed height range.
- Level Ride Platform.
- Extra Large Aluminum Platform offers enough working area to safely handle pallet loads.
- Galvanized frame extends the life of the liftgate.
- 12" Retention ramps acts as a cart stop to keep your product secure on the platform.
- Bed extension with reinforced angle along entire width makes installation easier and reduces dishing.
- Folding Parallel Arm with simple bolt and shim platform adjustment makes installation quick and painless.
- Bolt-on Bumper features 3 steps for driver safety and accessibility.
- UHMW Wear Pad on Bumper protects the liftgate from damaged caused by backing into loading docks.
- Retaining Arm engineered with a spring designed system creates simple spring tension adjustment.
- Closed Hydraulic System with dual single acting cylinders.
- Cycle counter included for convenience.
- Dedicated ground included as standard with the liftgate.
- Gravity down.

SLIM LINE PLATFORM

Platform remains level as it lowers from bed level to ground level

The WFL features a fully galvanized, rigid 3-step bolt-on bumper for added safety and convenience.

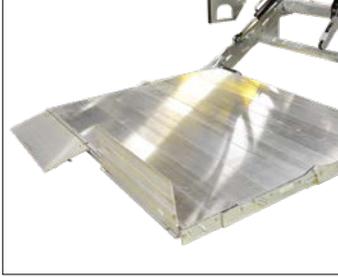

Designed Simplicity - Maximum Performance
