

PALFINGER ROLL-OFF CABLE HOISTS

Optimized design with the widest range
of capacities.

LIFETIME EXCELLENCE

THE PREMIUM CHOICE

STRENGTH & DURABILITY

With a wide range of container handling solutions, Palfinger American Roll-off is your onestop shop for Cable Roll-off Hoists, Hooklifts and Container Carriers. Holding various patents in both Hooklift and Cable Roll-off lines, we are dedicated to innovation and developing the safest, most reliable and advanced products with excellent performance on the job. Whether you need to load or dump materials, transport containers or change bodies, we understand your needs in various industries: waste, recycling, scrap, demolition, landscaping, construction, municipalities and more!

Investing in a strong brand means that you can rely on strong equipment for the lifetime of the product - you can expect a solution with less weight, an excellent design and a long product life when you choose PALFINGER.

At PALFINGER, we recognize the high value of after the sale service and support. That's why we have dedicated distribution partners conveniently located across North America. Our ever-expanding distribution network is always there for you to serve your product requirements.

With 30 plus years of experience, our cable hoists are designed for innovation, reliability and efficiency to benefit you on the job!

Whether you are moving gravel, scrap metal, solid waste or large, bulky materials, PALFINGER AMERICAN ROLLOFF has the right choice of cable hoist for your most demanding jobs! From the ART, which has the lowest weight on the market to the legendary durability of the American Rolloff Series, we have you covered.

ART - TOP MOUNT SERIES

Designed for a long life with minimal maintenance, our patented Top Mount Cable Roll-off Hoists are unique to the market. The innovative top mount design is suitable for single and multiple axle chassis, making these hoists perfect for mounting on top of any chassis configuration, including CNG tanks.

In addition, our top mount design also offers the most diverse capacity range, from 12,000 - 75,000 lbs.

ARB - BASIC MOUNT SERIES

Offering capacity ranges of 60,000 and 75,000 lbs., our Basic Mount Cable Roll-off Hoists are strong solutions for your needs. The Basic Mount offers a standard sub frame to mount the hoist to your chassis, adding great strength to the truck frame.

MODEL	CAPACITY (LB.)	CONTAINER LENGTH (FT.)	DUMP ANGLE	MIN C/T (IN.)	HOIST LENGTH (IN.)	GVWR F/R (LB.)
ARB 60-22	60000	12-22 ft.	48	176	289	18,000/46,000
ARB 75-22	75000	12-22 ft.	48	176	289	18,000/46,000
ARB 75-22 ET	75000	12-22 ft.	48	176	260-320	18,000/46,000
ARB 75-24	75000	12-24 ft.	48	194	307	18,000/46,000

ARD - DIRECT MOUNT SERIES

A lighter weight, but equally strong alternative to our Basic Mount Series, the PALFINGER Direct Mount Cable Roll-off Hoists have the same features and benefits as our Basic Mount Series, but by eliminating the subframe the hoist rests on the truck frame. Offering capacity ranges of 60,000 and 75,000 lbs., our Direct Mount Series are strong solutions for your needs.

MODEL	CAPACITY (LB.)	CONTAINER LENGTH (FT.)	DUMP ANGLE	MIN C/T (IN.)	HOIST LENGTH (IN.)	GVWR F/R (LB.)
ARD 60-22	60000	12-22 ft.	48	176	289	18,000/46,000

CABLE HOISTS

PRODUCT FEATURES

The roots of Palfinger American Roll-off began with Cable Roll-off Hoists – designed and manufactured in the USA since our establishment over 45 years ago.

This experience has built our reputation for strong hoists with superior longevity, while all of our Cable Roll-off Hoist models feature Dual Front Locks for added safety. Our innovative designs, including the patented Top-Mount design, offers the widest range of capacities from 12,000 to 75,000 lbs.

AWS D1.1 CERTIFIED WELDING

There is a lot of welding on a cable hoist, but not all welding is created equal! Trust in our AWS D1.1 standard certified quality welding.

LIFTING CYLINDERS

- Telescopic lifting cylinders
- Single stage lifting cylinders

CASTED LIFT CYLINDER BASKETS

- Dependable and long lasting material
- Strong and durable throughout product lifetime

INTEGRATED HYDRAULIC RETURN FILTER

- Internal hydraulic return filter reduces chances of damage
- Easy maintenance

PATENTED FOLDING ICC BUMPER

- Our patented ICC bumper automatically folds when the hoist is raised without the added complexity of another air valve or active mechanical pivots.

REMOVEABLE SHEAVES & PINS

- Improved maintenance and serviceability
- Large diameter pins help to reduce wear in heavy lifting conditions

FRAME OPTIONS

- Inside / Outside Rail
- Outside Rail Only
- Outside Rail Only – Extreme Duty

FIXED CABLE LENGTH

Top Mount Cable Roll-off Hoists are equipped with a Fixed Length Cable, where there is no need to adjust the cable. This makes for better serviceability and ease of replacement.

ARH SPECIFIC

HEAVY DUTY SIDE & REAR ROLLERS

- 50% larger side rollers; taller and wider
- Improved maintenance and serviceability
- Large diameter pins help to reduce wear in heavy lifting conditions
- Solid three section rear roller

HEAVILY REINFORCED RAILS

Ever bend a hoist?
It wasn't one of these.
