FEATURES & BENEFITS

The features that set us apart from the rest.

FEATURES	BENEFITS
EASY INSTALL	Can be installed in less than 4 hours
OPERATE MANUALLY FROM THE GROUND	Much safer option with employees not hand throwing tarps or crawling on the container
MEETS EPA GUIDELINES	Protects company from EPA penalties on storm water exposure
SECURES THE CONTAINER	Protection for unwanted dumping, snow, or water getting into container
EASY TO REPAIR	Easy to patch a hole in tarp or replace a part if it is damaged
LOWER COST	Hard covers are often twice the cost and more labor to install
2" HD STRAPS & RATCHET	Increased durability and longevity of the system
REMOVABLE BOWS	Bows slide easily in and out of bow pockets to help prevent damage to the bow during loading of container
