

## DUMP BODY & HOIST ACCESSORIES

Time saving and productivity enhancing dump body accessories are available for almost every Crysteel dump body and select Crysteel hoists. Crysteel's quality accessories help contractors get the most function (and a little customization) out of their product investment.

### CABSHIELDS

1/2, 3/4 and Full Cabshields, Tapered or Straight

### GATE SAVER

Designed to change a standard dump body tailgate into a power high-lift tailgate. Improves a truck's versatility without the need to replace the entire body.

### HEAVY DUTY TARPS

Protect your loads, vehicles around you and your company with one of the many manual crank or electric models available from Crysteel.

### HIGH 'N SLIDE™ TAILGATE

In addition to traditional dump-through, meter materials through a full-width opening utilizing the sliding tailgate, or empty large/bulky debris with the high-lift function.

### HITCH PLATES

Hitch plates offered for the most popular Ford, GM and Dodge chassis, providing required ICC Bumper Protection for bodies up to 96" wide.

### HY-FLO™ POWER UNIT

The Hy-Flo™ Twin Electric Power unit offers **3x** the capacity of the standard electric double-acting unit, and also offers up to **1.2x** the capacity of a PTO at idle.

### LADDERS

Increase accessibility to your truck body with a rigid, slid-out or fold-down ladder.

### LED LIGHTS

Upgrade to LED lights for increased safety and lower the strain on your truck's electrical components.

### LIGHT DUTY TARPS

Protect your loads, vehicles around you and your company with one of the many manual or spring assist tarps available from Crysteel.

### MATERIAL MASTER™ TAILGATE

With adjustable opening independently controlled automatic metering gates you can direct material where you need it.

### PATCHGATES

With an adjustable opening sliding or drum patchgate you can direct and spread asphalt, gravel, mulch and other material where you want it.

### POLY FENDERS

Enhance your work trucks appearance with Minimizer's high quality, durable and stylish poly fenders.

### SHOVEL HOLDERS

There are many different options for securing round handled tools to your truck body.

### SIDEBOARDS

Protect your top rails from damage and increase your dump body capacity with long-lasting and durable Poly Side Boards.

### TAILGATE SPREADER

Stainless steel spreader was designed to meet the highest demands for durability, efficient performance and dependability in the toughest environments all winter long.

### TOOLBOXES

Crysteel offers Pro-Tech toolboxes in aluminum and powder-coated black steel in the most popular sizes.

### VERTICAL SIDE BRACES

Exterior vertical braces add style and reinforce the sides and tailgate; which might otherwise bulge under the strain of heavy materials or rough use.

### VIBRATORS

Eliminate tailgate banging, brake slamming and shoveling when dealing with wet, sticky, or frozen material clinging to your dump body with an underbody vibrator.
