

RECIPROCATOR

Highly regarded among landscaping professionals, the commercial-grade reciprocator by RedMax can handle the most difficult trimming, edging or pruning tasks. Designed for tough everyday use, the reciprocating blades work back and forth in a scissor-like motion without high-speed spinning. This allows users to trim and edge safely without throwing objects or dangerous debris.

RECIPROCATOR FEATURES:

1. High performance and efficient Strato-Charged® engine
2. Skid plate
3. Vibration dampening in the handle
4. Durable, long, ergonomic throttle trigger.
5. Solid steel drive shaft
6. High visibility debris guard
7. Unique reciprocating blades
8. Cushioned loop handle

The exclusive RedMax reciprocator can trim under fences, water[†], mulch and gravel, cut and shape sod, and shape sand traps. It can also edge along flower beds and vines, and around head stones and monuments without damage.

Specifications	SGCZ460S
Displacement (cc)	23.6
Power Output (hp)	1.14
Weight* (lbs)	15.2
Engine	Strato-Charged®
Fuel Capacity (fl. oz.)	21.3
Drive Shaft	Solid Steel
Usage	Heavy-Duty
Warranty	2 Years

*Without cutting head and strap. †Underwater usage requires maintenance afterwards Ignition coil includes limited lifetime warranty.
