# AST TUCKUNDER™

With its simple, rock-solid design, AST (Anthony Standard Tuck) has been the perfect choice for delivery in light and medium truck applications for over 30 years.

Every AST model is packed with quality features purpose-built to deliver years of low maintenance operation. Plus, with a huge selection of available platforms, capacities, and clever options, AST is equipped for the job.

RECOMMENDED APPLICATIONS

LIGHT/MEDIUM DUTY

AST MODELS

AST
Available in five capacities from 1500 to 3500 lbs. with a choice of platform styles.

AST-L
With a low-profile floor extension and compact wedge platform, AST-L is designed to fit low bed heights.
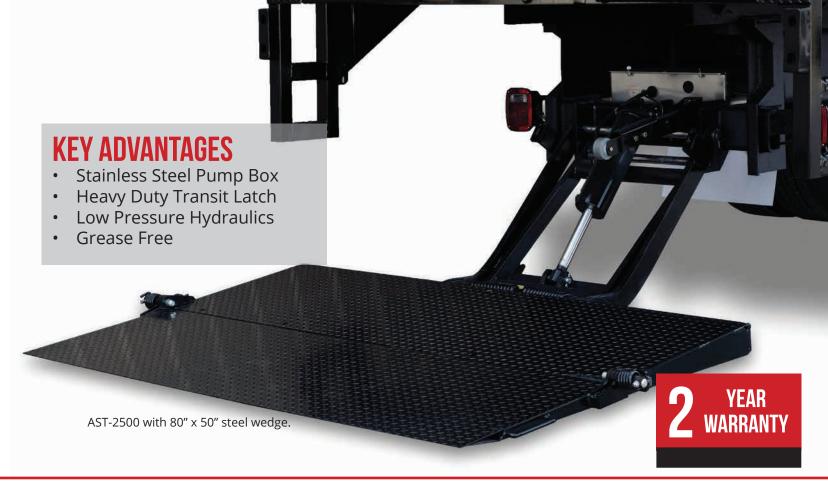

AST-PLUS
The most popular AST configurations with a low-profile floor extension for added bed height range. Always in stock, AST-Plus is the quick-quote go-to.

GREASE FREE

In 1993, we set out to develop a liftgate that didn't require grease to save a leasing partner time and money. The result was our unique grease free bushing technology.

Often imitated, never equalled, these advanced grease free bushings are part of what makes an Anthony more reliable with less maintenance.

KEY ADVANTAGES

- Stainless Steel Pump Box
- Heavy Duty Transit Latch
- Low Pressure Hydraulics
- Grease Free

AST-2500 with 80" x 50" steel wedge.

2 YEAR WARRANTY
