

EFFICIENCY COMES FROM FLEXIBILITY.

Adapt to whatever the weather throws your way with the WESTERN® WIDE-OUT™* and WIDE-OUT™ XL adjustable wing snowplows. Offered in two blade sizes, the WIDE-OUT XL model extends from 8' 6" to 11' in straight blade mode, making it the widest WESTERN plow for truck applications. The plows are our tallest winged plows at 31", and feature independently controlled, flared wings that retract at the push of a button to maneuver in smaller and tighter areas.

HYDRAULIC WING EXTENSIONS

Independently position each wing to maximize blade width and move more snow. Wings slide laterally across a structurally reinforced slide box.

FLARED WINGS FOR EFFICIENCY

The WIDE-OUT plows feature flared wings as tall as 36" to maximize snowplowing efficiency and aggressively cast snow further while windrowing.

STRUCTURAL REINFORCEMENT

Six vertical ribs—eight on the XL model—a heavy-duty quadrant and a dual WESTERN POWER BAR provide exceptional torsional strength and rigidity across the entire back of the plow blade to eliminate blade twisting.

TRIP BLADE AND WING PROTECTION

Four heavy-duty coil springs protect your plow and truck by allowing the whole blade to trip when striking obstacles. The wings of the snowplow will trip in any position as well, including scoop.

THE WESTERN® WIDE-OUT™ AND WIDE-OUT™ XL ARE FOUR PLOWS IN ONE.

STANDARD CUTTING EDGES

The standard, 1/2", high-carbon steel cutting edge on the moldboard and wings ensure a clean scrape on every pass while reducing wear and extending the life of the blade.

HEAVY-DUTY SLIDE BOX

Structurally reinforced slide box is constructed with 3/16" heavy-grade steel.

HIGH-STRENGTH STEEL BASE CHANNEL

Provides extra support along the bottom of the plow blade.

ACCESSORIES

Back Drag Edge | Rubber Snow Deflector
Shoe Kit | Poly Moldboard Cutting Edge
Poly Wing Cutting Edge | 5/8" Steel Cutting Edge
Shock Absorber

*All product features and specifications listed in this brochure apply to WIDE-OUT snowplows with serial numbers beginning with 180210 and higher
