

COMPACT DESIGN.
BIG iMPACT.™

VACTOR®
iMPACT

INTRODUCING iMPACT.

Ergonomic. Economic. Easy-to-operate.

Our newest combination sewer cleaner may be smaller than some of our other models, but it's no less powerful. Built with the same emphasis on performance and reliability, these machines offer outstanding versatility and the ability to maneuver through tight spaces. As with all Vactor® equipment, the iMPACT allows communities to protect, clean and repair their infrastructure. It is also engineered for optimal operator comfort and control. Features contributing to the ease of use include:

- The revolutionary IntuiTouch® control system
- Superior vacuum performance
- Low-maintenance Jet Rodder® water pump
- Exclusive Modul-Flex design
- Quiet engine design, high ground clearance, low water fill point, and twist-and-lock pipe restraints
- Hose reel that can rotate up to 180°
- Precise digital hose footage counter
- Water tanks featuring superior corrosion resistance and backed by a 10-year standard warranty

The new iMPACT makes the innovations of the 2100i more accessible without sacrificing Vactor's high standards.

STREAMLINE YOUR OPERATION AT THE TOUCH OF A BUTTON.

IntuiTouch In-Cab Controls

- One-Touch engagement to activate PTO — allowing operators to gain control of all operational systems
- Operator can engage road, combo, and recirculation mode with single push-button ease

IntuiTouch Control Panel

- Rotating controls with up/down adjustment for individualized maximum comfort
- Glove-friendly tactile buttons
- Reliable touch buttons enable the operator to know if a selected function is active
- Hose reel joystick significantly improves response time and pays in and out in the direction of the hose reel
- Boom joystick has a telescoping feature built in, giving the operator full mobility with multiple direction boom movement for quicker set up
- Allows for full proportional boom control with the addition of multiple functions at one time
- Operators have full control of the water system via a single Multi-Flow control dial — enabling them to precisely match the flow and pressure to the job requirements
- E-stops located at all operator control points bring the unit to a safe condition to protect both the operator and the equipment

ADVANTAGES THAT MAKE AN IMPACT.

Powerful Positive Displacement (PD) Vacuum

With a unique and operator friendly design, our PD vacuum is great for pulling material long distances. Powered by the chassis engine, the blower is driven hydrostatically, allowing independent control of speed while boosting productivity and reliability.

Exceptional Jet Rodder Water Pump

Leading the industry in longevity and worry-free maintenance, the Jet Rodder water pump delivers smooth flow at the nozzle for general cleaning and root cutting. Includes the powerful “Jackhammer” action to break up the toughest blockages.

Robust Aluminum Water Tank

Backed by a 10-year warranty, the water tank on the IMPACT has a non-corrosive, rust- and crack-resistant design. A baffled cylindrical shape adds high strength and durability while the position at the frame rail allows for the best weight distribution.

CUSTOMIZABLE TO MEET YOUR UNIQUE NEEDS.

Enhanced Wireless Controls

Updated belly pack and handheld remotes feature two-way data transmission, including active pressure and flow information for the water and the ability to monitor and display essential information like the hose footage being paid out or retracted. Our wireless controls also allow:

- Extensive operation with greater control away from the main operator station
- Multiple control functions including hose reel control, boom control, e-stop and more

Choose from a wide variety of precision-engineered enhancements, including:

- Cold weather recirculation system
- Digital debris body and water level indicators
- Debris flush-out system
- Expanded storage options including a back of cab toolbox
- Safety warning lighting packages
- Turn and hose reel mounted cameras
- Hydro-excavation kit
- Work-zone lighting packages
- Low water alarm
- Debris splash shield

THE NEW VACTOR iMPACT.

Another innovation from the industry leader.

Powerful enough to tackle virtually any job a big machine can do, the iMPACT is a more affordable option that delivers greater economy and maneuverability. Ideal for municipalities needing a fast response, emergency back-up vehicle, small communities looking to keep up regular maintenance and storm water line problems, and contractors and utilities who prioritize versatility and a lower purchase price.

Vactor has proudly been dedicated to continuously improving combination sewer cleaners for over fifty years, and the compact and powerful iMPACT is just one of the highly customized solutions we offer.
