

3D Laser Scanner

FARO Technologies, Focus

With our 3D Laser Scanners, users can gather data faster and be more confident in the on-scene data evidence they preserve, process and present.

- **Easy to Use:** Capture an entire crime or crash scene at the push of a button and save hours of work, then share with others as everything is now digitally preserved.
- **Accurate:** Real time awareness of scan collection data even on a smartphone so you know before you leave the scene if there are any data gaps. Allows you to later: find missing evidence or make additional measurements back at your desk.
- **Wow Factor:** Bring everyone virtually "back to the scene". 100+ of cases where this data was accepted and used in court.
- **Durable:** Ruggedized for daily use, package includes up to a 4-year warranty

Can be used for:
