

Millimeter Wave Scanner

Rohde & Schwarz, QPS Walk2000, QPS2000

Our High Traffic Millimeter Wave Scanners allow you to scan large groups quickly without the need to divest jackets and shoes to detect dangerous contraband before it gets into your facility.

- **Effective Contraband Detection** - Discover items hidden in or under clothes
- **Easy to Use:** Automatic detection software gives results in less than 3 seconds.
- **Extremely Safe:** Uses safe non-ionizing millimeter waves to identify concealed threats.

Use to Detect Threats Made of Metal and...
