# Communicate Collaborate Coordinate

Response is a low-cost, simple-to-use, web and mobile situational awareness platform for day-to-day and emergency operations.

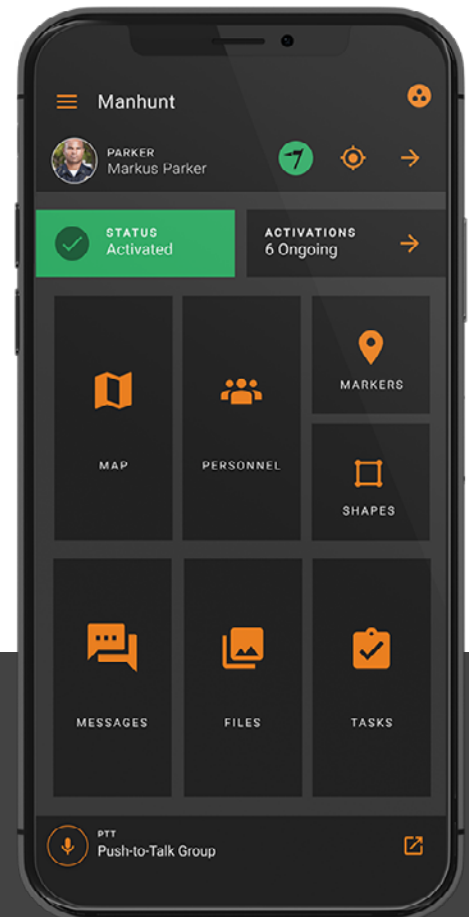

Mapping, Information Sharing, Team Mobilization, Emergency Notification and integrated Push-to-Talk voice communications all in one deployable solution.

Scan code for more information.

**“Response has significantly increased capacity with understanding our positioning to the challenges we are facing. It improved our operational safety and contributed to our mission’s success.”**

– Minnesota State Patrol Captain

## Platform Advantages

Decrease Response Times, Reduce Radio Traffic, Enhance Situational Awareness, and Increased Responder Safety

# Intrepid **RESPONSE**

## Activate

A simple-to-use web and mobile emergency notification and response team mobilization tool.

### Features and Benefits

Persistent and loud notifications ensure the responder gets the request.

Overrides phone sleep and do not disturb modes.

Receive critical information and auto-navigation to the incident.

#### Plus: New Feature

##### Mobile Activation from Markers

– Activate teams from anywhere.

Select your team, set up vital details and monitor who accepts or declines the activation.

#### Pair Activate with Locate:

Once a responder accepts the Activation, their current location is now visible on the Locate map.

## Mutual Aid or Shared Operational Channels

Intrepid Response Platform now has Mutual Aid shared channels allowing agencies from different jurisdictions to combine into one common operational channel for planned and unplanned events.

With a few simple steps, multiple agencies can now share a common operating channel, communications, live personnel locations, map markers, and digital media during mutual aid events.

### Step 01

Agency (A) creates a Mutual Aid shared Channel.

### Step 02

Agency (A) invites Agency (B) to the Channel via email.

### Step 03

Agency (A) and (B) are now visible on a Mutual Aid Channel.

## Locate

Geo-spatial solution with feature rich mapping. Monitor location of all personnel, tagged assets, and markers in near real-time.

### Features and Benefits

Near real-time GPS location of all team members.

Reduce location radio traffic by 80%.

Improved coordination with teams outside of the vehicles.

Auto-Navigate to personnel and markers.

UAV Drone, GPS trackers and WIFI beacon integration.

Manage multiple simultaneous operations.

#### Plus: New Feature

**Landscape Mode** – Landscape map mode for chest mounting.

## Connect

A multi-layered collaborative workspace that provides highly secure team communications and sharing of digital content on demand.

### Features and Benefits

Highly secure multi-media sharing of text, videos, photos, and documents.

Instant messaging with individuals or entire team.

Collaborative documents and white boards.

Automated Task Management.

#### Push-to-Talk Integration with Leading PTT Solutions

Evoke calls directly from personnel markers to individuals or ad-hoc group.

Customizable PTT button location

# SPEND MORE TIME ON THE INCIDENT AND LESS ON THE PAPERWORK

Mobile  
App  
Coming  
Soon

The Intrepid Reports application is a web-based software system that enables your agency to easily create and manage your ICS forms and action plans for any incident or event. The ICS Forms that are created within Intrepid Reports strictly follow the FEMA's standard form structure.

- ✓ **Reduces personnel hours filling out ICS forms.**
- ✓ **Faster and easier FEMA reimbursement submission.**
- ✓ **Automates the reporting process with auto-fill of repetitive data.**

With Intrepid Reports, users can edit, manage, sign-off, and export ICS forms from their laptops or tablets, enabling a fully automated planning and reporting experience with high accuracy in a fraction of the time it takes for manual form completion.

## Challenge

Inefficiencies in completing, tracking down and reconciling ICS forms with accuracy.

## Reports Solution

Editing, managing, exporting and sign-off of ICS forms is automated.

## Challenge

Managing team assignments, goals, and equipment.

## Reports Solution

Resources are swiftly checked in and assignments are visible to all who need to know.

Personnel quickly access the forms assigned to them, eliminating confusion and rework.

## Challenge

Wasting of valuable personnel hours manually reviewing and filing multiple reports.

## Reports Solution

ICS forms are reviewed, signed-off and exported as a PDF file for rapid submission.

Live data during an operation is instantly accessed for status updates.

# Intrepid **REPORTS**

Scan for more information.

## Intrepid Reports supports the following ICS Forms:

201, 202, 203, 204, 205, 205a, 206, 207, 208, 209, 211, 213RR, 214, 221

**Real-time auditing for stakeholder situational awareness.**

**Unlimited number of operational periods can be configured for an incident.**

The screenshot displays the Intrepid Reports web interface for an incident titled 'I-40 Pile Up'. The interface is organized into several sections:

- Incident Header:** Includes fields for LOCATION (35.188603, 101.032234), CREATOR (Cameron Williamson), START (02/28/2021, 11:30), END (02/28/2021, 15:15), and LAST UPDATE (02/28/2021, 15:15).
- Operational Periods:** A section with a '+ ADD NEW PERIOD' button and a list of periods. The first period is '211/214 Hybrid: Mission'.
- Form Details:** Includes 'FORM INITIATED' (02/28/2021, 11:45), 'CREATOR' (Jim Gordon), 'OP START' (02/28/2021, 11:30), and 'OP END' (02/28/2021, 12:30).
- Unit Information:** 'UNIT NAME/DESIGNATOR' (Facilities Unit), 'UNIT LEADER (NAME, POSITION)' (Cameron Williamson, Sgt.), and 'SUPERVISOR CELL' ((323) 634-5667).
- Resources Assigned:** A table listing personnel and their roles.

NAME	INC CALL SIGN	SERIAL NO	RANK	SHIFT LENGTH	DIV	ACTUAL SOW	SHIFT SOW	INC SOW

**Automatic data entry for information such as personnel, vehicles, hospitals, ambulance services, or radio comm tables.**

**Pair Reports with Intrepid Response a powerful solution that turns static planning into a dynamic, total lifecycle incident and event management capability.**

The Response Platform is a web and mobile communication, collaboration, and coordination platform for day-to-day and multi-juristical emergency incidents.

- **Locate** Live Personnel Mapping.
- **Activate** Emergency Team Notification with Auto-Navigation to Incident or Staging Area.
- **Connect** Securely Share Digital Media, Text Messages, Collaborative Docs, Task Lists.

### PLUS: Mutual Aid Channels

One common operating picture for all teams at the incident regardless of organization.

**Locate**

**Activate**

**Connect**

**Pair Intrepid Response with ESChat® Push-to-talk for voice communications accessible directly from the platform.**
