

NCSA Technology Procurement

Bid 24-03-0222

CTA is an independent public safety consulting firm providing engineering and project management services. Our team of dedicated professionals has over 30 years of experience with complex communications systems, backhaul networks, telecommunication facilities, and 9-1-1 dispatch center equipment. We are experienced in providing consulting services for Transportation, Utilities, and other Local, State, and Federal Government agencies.

The Owner and Principal Consultant of CTA is Cheryl S. Giggetts, MBA, PMP, CHS-III. She has served the Public Safety community for 30 years, having successfully managed a public safety communications consulting practice for 28 years. She is responsible for every aspect of CTA, with a core focus on exceeding our client's expectations.
