BUILD YOUR COURT'S MOMENTUM

INNOVATIVE

REPORTING

Generate participant snapshots to program analytics. Gain insights & key metrics to help you apply for additional grants & funding.

INTEGRATION

Easily import existing data and streamline data entry from drug screen labs, call-in systems, case monitoring solutions & more.

FILES & RECORDS

Import, organize, search & manage documents. From court orders to community service time sheets, everything is in one place.

AUTOMATION

Create court/team specific forms to automatically fill in specified fields such as Name, DOB, Case Number, etc.

PAYMENT PROCESSING

Equipped with a built-in payment portal that tracks a participant's outstanding balance & payment history.

COLLABORATIVE

Customization – Design your own dashboard & workflows for each user group in your system.

Connect Your Team – See assigned tasks, meetings, and events for each team member.

Court Calendar – Courts can build calendar templates for different court hearing types & determine what appears week to week.
