**CLOUD-HOSTED
MANAGEMENT
FOR YOUR DIGITAL EVIDENCE**

Panasonic i-PRO introduces CloUDE powered by Genetec!

i-PRO, a global leader in advanced sensing technologies, and Genetec, the leader in video management, have come together to provide an open platform solution that offers you the choice between on-premise or cloud-hosted management for your digital evidence. This gives you the ability to choose based on your needs and budgets, and you retain complete ownership of all your evidence and metadata. Your evidence, your choice!

To learn more about i-PRO's CloUDE powered by Genetec, contact a sales representative today at i-PROPublicSafety@us.panasonic.com or visit our website at i-pro.com.
