

RH-M2

AED | Patrol PC RhinoTab® M2 UltraRugged®
Portable MDT

Purpose-built for First Responders. Made in the USA.

Our flagship M2 UltraRugged tablet is loaded with mission specific features and new options. This next generation, industrial grade RhinoTab is now more portable than ever at 1 inch thick and 4 lbs. – lab tested at -15F to 150F and built for whatever is thrown at it.

- Precision machined one piece aircraft aluminum frame is resistant to shock, heat and cold
- Mission-critical features include 1400+ NIT touchscreen with true daylight readable display, bezel mounted adjustable screen brightness slider and user programmable hotkeys for easy operation under any condition
- Options include embedded FLIR Thermal Camera, Dual SIM capable modem certified for Band 14, RFID readers, FAP30 Fingerprint reader
- Designed to meet IP65 standards for water resistance; IP67 model forthcoming
- All RhinoTabs fit in any of our best-in-class RhinoDock™ models
- Hand-built from premium materials to customer specifications in our Massachusetts-based factory
- Flexible, customizable, scalable and future upgradeable
- Standard 3 Year Warranty with Extended Warranty Option up to 7 Years
