

# TECHNOLOGICAL RESPONSE TO INFECTIOUS DISEASES

Peacemaker Live™ is a holistic and long-term approach to mitigate the spread of COVID-19 and other infectious diseases. Combining an industry-first virtual communication platform and scientifically proven antimicrobial technology, Peacemaker Live™ is the most fiscally responsible and humane solution to protect public safety professionals and citizens worldwide from unnecessary exposure.

Peacemaker Live's™ proprietary platform incorporates CDC best practice guidelines to disrupt the spread of COVID-19 and other infectious diseases by:

- Diminishing exposure or potential exposure by reducing the amount of face to face interactions with citizens.
- Promoting social distancing through a variety of applicable uses.
- Reducing the amount of PPE equipment utilized or wasted by the public safety agencies during minor calls or incidents.
- Providing the only method proven to be safe for those who are most susceptible, vulnerable or infected with COVID-19 to receive the same public safety assistance – a zero contact solution.
- Utilizing molded antimicrobial enclosures to bolster infection control efforts and preventing the spread of bacteria, viruses, and diseases within an emergency response vehicles or closed office environments.
- Insuring use of antimicrobial keyboards designed specifically to limit the spread of disease and contamination whenever utilized by multiple users.
- Deploying fan-less systems to reduce airborne pathogens from being circulated in a confined environment.

## FEATURES:

- No software download required
- SAAS – Minimal Management Required
- Video Stored in Microsoft Government Cloud - No Server Required
- High Definition Video
- High Quality Audio
- End to End Encryption
- Save and Store Videos
- Exceeds CJIS Security Standards for Law Enforcement
- GPS Integration
- Call Logging
- Extensive Auditing

## RETURN ON INVESTMENT:

Peacemaker Live™ is a cost-effective approach in the fight against infectious diseases now and into the future. Your investment in the Peacemaker Live™ mobile data virtual video conferencing platform can provide a quantifiable ROI through:

- Reductions in missed work due to quarantines or exposures
- Reductions in workman's comp claims
- Reductions in vicarious liability from unnecessary exposure
- Reductions in COVID-19 related overtime pay
- Decreased response time
- More efficient workflows
- Fuel savings
- Reducing time spent per call (TSPC)
- Increased citizen satisfaction
- Increased citizen access to police
- Bolsters individual citizen privacy
- Reduce citizen complaints
