AVAILWEB
™
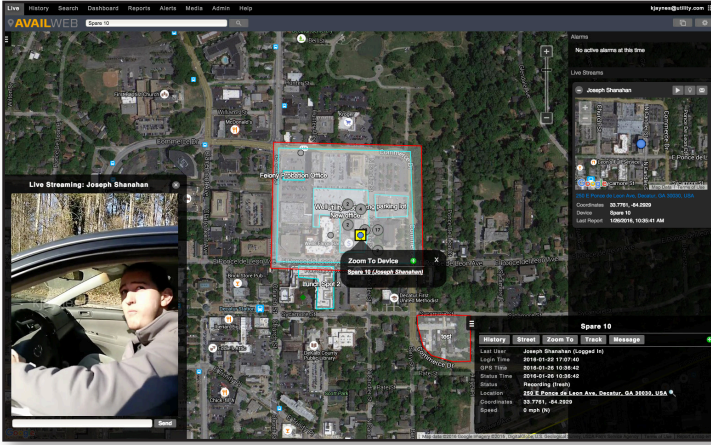

KNOW WHERE YOUR PEOPLE ARE, **INSTANTLY.**

A bad situation is no match for good technology. AVaiL Web™ is a secure command and control web service that provides an automatic real-time, map-based view of location and status of all mobile operations, including vehicles, personnel, and assets. AVaiL Web provides Geofence alerts, live tracking, traffic and weather overlays, asset overlays and Street Views. It's new media interface allows multiple related video and audio feeds to be played simultaneously. AVaiL Web also has live video streaming allowing dispatchers and supervisors to have complete situational awareness. It's smart. And when you use it, you'll be smart, too.
