

**POLICE
VEHICLES
ARE TARGETS**

***Who's
watching your
back?***

THE PROBLEM

Situational awareness is compromised when officers sit inside their vehicles, especially at night.

THE SOLUTION

StopAmbush is a patented, complete 360° perimeter alert system that provides audio & visual alerts when someone approaches a police vehicle.

Invented and designed by a fellow law enforcement officer, it is easy to install, simple to use, and provides **lifesaving** alerts needed to react and act quickly.
