Model Name: MotionWorks Enterprise

MOTIONWORKS ENTERPRISE ANNUAL SOFTWARE USAGE LICENSE - TINY CAPACITY

- Use Zebra's Android™ mobile computers or BLE bridges with MotionWorks Proximity to securely contact trace and alert workers to reduce risk.
- Zebra MotionWorks Proximity gives you the ability to implement a comprehensive safety solution based on best practices to match your environment and workflows
- Our turnkey solution uses Wi-Fi® and Bluetooth® to give you the security and control you need, along with the scale, support and expertise you expect from Zebra.
- Quickly roll out the application to your existing supported Zebra devices, or purchase devices that are already configured and staged.
- This cloud-based solution is remotely installed and managed by Zebra, and requires no additional infrastructure investment.
