Our **LoadPro** bed is built to carry the load. The **LoadPro** design includes structural channel cross members, structural long sills and 3/16" steel floor to make this one tough contractor dump body. Our HD integrated bulkhead is the toughest in the industry. Recessed lights and a quality wire harness add even more value to your investment. Standard is a PPG Powder Coat black finish to stand up to the elements. With endless options this bed can be customized for you, at a price you can afford.
