Legacy Series 1000

Description ▼

Standard Features ▼

Optional Features ▲

- **15' x 2" Fill/Suction Hose (\$275):** 15 Feet of high quality EPDM fabric reinforced 2" hose with female cam locks on each side for easy connections. One side comes with a valve to eliminate wasted product and mess when disconnecting the hose. Fill from storage tanks or fill other sprayers.
- **Custom Color Powder coat (\$1,250):** Power coated skid color to match your business or your vehicle. Almost any color available. *May result in further lead times.
- **Baffle Balls (CALL FOR PRICE):** Adding baffle balls will make your tank of liquid feel like a solid load. These baffle balls eliminate sloshing and make your load more safe during transport.
