

HTX

PERFORM ABOVE YOUR WEIGHT CLASS

The HTX plow RESTORES ORDER with the same features as BOSS full-size straight-blade and V-plows, built specifically for half-ton trucks. Built with business owners and homeowners in mind, the HTX line offers a strong, durable push frame and quadrant to clean up driveways and small business parking lots with a light-duty vehicle.

STANDARD FEATURES

- **Full Moldboard Trip Design** helps prevent plow damage when an obstacle is encountered.
- **Optimized Hydraulics** streamline function and reliability of V-plows using fewer valves and hoses and fewer cycles on your electrical system.
- **SmartLight™ 3 LED Headlight System** uses DOT-compliant 100% LED lights and Ice Shield Technology™ to prevent snow and ice build-up.
- **Strong, Durable Push Frame** adds strength and reliability.
- **SmartLock® Cylinders** lock blades in place when backdragging (HTX V-plow only).

| ■ Urethane Cutting Edge | ■ Caster Wheels |
| ■ Cast-Iron Plow Shoes | ■ Snow Deflector |
| ■ Backdrag Edge | ■ D-Force® (Straight-Blade Only) |

7'6" HTX V-Plow Steel

D-Force® maintains consistent hydraulic down force through the use of a hydraulic accumulator to improve scraping performance while backdragging. D-Force® is an optional accessory on new truck plow purchases. Only available for HTX straight-blade plows.
