

FLXXIBILITY DRIVES PROFITABILITY

TRUVAC.COM

PHONE: 800.627.3171

SERVICE: 815.672.3171

LARGER LOAD. SMALLER TRUCK. MORE PROFITABLE JOBS.

A flexible vac truck providing you maximum payload, performance and productivity in a smaller and more maneuverable package. TRUVAC FLXX is the safe-digging machine that is perfect for a wide range of applications that simply are not as suitable, or as profitable, for a full-size truck.

SERVICE AND SUPPORT ON THE GROUND AND ON THE CLOUD

The quality of our equipment is only matched by the service and support after the sale. Our experts are committed to helping you get the most from your vac truck so you can focus on getting the job done right. Parts and service centers at the ready to keep you up and running. Expert consultation and training for optimal equipment use, safety and maintenance. Cloud-based access 24/7 to technical information, parts bulletins and warranty information.

TRUVAC® VAC TRUCKS WILL HELP YOU:

Maximize payload, performance and productivity in jobs requiring non-destructive digging. Utilizing either air or water, the FLXX drives profitability for every job.
