ARM Sourcewell contract is between ARM and the end user. All Sourcewell deals must include a copy of the Sourcewell calculator, and a quotation must be provided by DuCo LLC. Any use of the Sourcewell contract for sales out of dealer stock or authorized dealer direct sales utilizing the Sourcewell contract must be accompanied by an authorization letter provided during the quotation process for the single transaction. All sales of dealer stock under the Sourcewell contract by a dealer must be reported to ARM by the 3rd day of each month. To get your Sourcewell Quote and Calculator, send the EBS to: your ARM RSM, and sara@ducollc.com & mjdubois@ducollc.com.

ARM Sales and Marketing Director Approval Signature _____

Date _____

I understand this document is a binding purchase order and is a contract for the purchase of goods. This purchase order can not be amended except in writing by both parties. This agreement constitutes the entire agreement between both parties and there are no other understandings other than those incorporated within.

Authorized Customer Representative Submitting Purchase Order _____

Date _____

Make note of the following: All prices are subject to change without notice. All pricing is quoted and to be paid in U.S. funds. Payment required before release of MSO. Warranties on chassis and auxiliary engine (if required) are provided by their manufacturer and are not covered by ARM. Dealers are responsible for reviewing, and verifying, all quotes prior to submission in regards to the customers' bid requirements. Write-in options are subject to final approval concerning both structure and price by ARM management. This Electronic Build sheet (EBS) is a communication tool between ARM and its Dealers. This EBS is proprietary to ARM and may not be modified or used for any other purpose without the written consent of ODB. Dealer Net pricing should not be shared with end customer by ARM or its Dealers.

ARM Hooklift

Hooklift Model: _____

Customer Name (Print): _____

Customer Signature _____

Date: _____

Body Length

☐ 17YD - TBD

☐ 25YD - 18' 5"

☐ 30YD - TBD

Distance from inside plate on frame to back of bar

Thickness of Tab

Length and Width of Tab

L = _____

W = _____

Tab Height from Top of Tab to Bottom of Tube

Lockdown Tab

Hook Height

6"x2"x14" Wall Tube

Chassis Width

All Hook Heights, Widths and Lockdown Tabs are determined by the model of the hooklift. ARM upgrades the chassis rails and frame tube size to 8" compared to the standard 6" tube size for hooklifts.
