Proudly serving the Public Safety market since 1852!

Warranty, Badge Refinishing & Modification

We have worked to clarify and enhance our warranty and repair policies in an effort to make them more customer centric. Please make note of the enhancements below. We have included with this price book a sheet that further outlines our guidelines.

All returns should be sent to:

Attn: Repairs Department, V.H. Blackinton & Co., Inc., 221 John L. Dietsch Blvd., Attleboro Falls, MA 02763

(Dealers may add additional handling charges to the below costs)

CUSTOMER SATISFACTION GUARANTEE:

We continue to stand behind the quality and manufacturing of our badges, as our policies show.

- **100% Customer Satisfaction Guarantee:** If upon receipt of your order you receive a damaged badge we will replace and/or fix all flawed and defective material free of charge.
- **Lifetime Manufacturing Warranty:** In addition to our customer satisfaction guarantee we offer a lifetime warranty on all badge attachments, and on seals and panels dislodging from your badge. If this occurs during the lifetime of your badge we will repair your badge for free, no questions asked.
- **Enamel Warranty:** Because HARD enamel is glass if a badge is dropped the hard enamel could shatter like a drinking glass, this is beyond our control. See our refinishing policy to understand how hard enamel is covered by Blackinton®. If REGULAR enamel dislodges during the lifetime of your badge we will repair your badge for free.

For manufacturing defect returns we offer a prepaid ship label for the return of your item please call customer service (800) 699-4436.

(we do not offer a prepaid label for refinishing a badge or badge modification.)

BADGE REFINISHING SERVICE:

The badge refinishing and modification services listed below are performed at the owners own risk. All requests are subject to inspection and acceptance by our factory. We reserve the right to refuse your badge if we feel it can not be restored to suitable condition for reuse.

There is a maximum of 50 badges per month per department that can be sent back for refinishing.

- **Our high-end badge finishes:** Hi-Glo®, Rho-Glo®, Two-Tone, and VHB KK® continue to be refinished for free, and *enamel is fixed for free, although all high-end badges will incur a shipping and handling charge of \$13.00 per style per order.
- **Pricing for non-warranty finishes** is now easier to understand - One price for all finishes with shipping and handling included in the price at **\$35.00/badge** wholesale.

Refinishing information:

- Refinishing will not remove deep scratches or digs in the metal but will restore the badge finish to a bright luster.
- When a badge is refinished the detail in the design, lettering, and enamel are re-polished, so after a badge is refinished more than once the design and lettering will be less distinct and may not be able to hold enamel due to the shallowness of the incised lettering.
- *Enamel on a badge may crack or chip when a badge is refinished. Refinishing is done at the owner's risk.
- We will only refinish a badge manufactured by Blackinton®.

***Enamel:** *Because hard enamel is fired in an oven at 1500 degrees we cannot re-enamel hard enamel because this process must occur at the beginning stage of badge manufacturing. We will make every effort to fix the enamel with an alternate material if it chips, but it may look inconsistent with hard fired enamel. Regular enamel can be re-enameled and the cost to do so is included in the refinishing charge.*

BADGE MODIFICATION SERVICE:

We understand there are times when you would like to modify an existing badge, so we offer a badge modification service. We've enhanced our pricing and our services, so please be sure to review the details below.

- **New easier to understand pricing** for all badge modifications including: Changing a seal, adding a panel, changing a finish**, and changing an attachment. All finishes, all modifications are one price with shipping and handling & refinishing included in the price at **\$35.00/badge** wholesale.
- Changing the color of REGULAR enamel is \$13.00/badge wholesale (the badge is not refinished as part of this service and we can not change the color of HARD enamel)

Because, of the intricate make up of a badge some modifications require us to completely reverse manufacture the badge, making the operation more labor intensive and costly then just making a new badge. In many situations a badge is destroyed during a modification. Our experience has taught us that we must limit what we can offer in order to maintain the quality and integrity of our products.

Below is our list of limitations and things we CAN NOT perform:

- Change or add lettering on a badge
- Change applied figures at bottom or center of badge (i.e.; B615, B617, B315, B589 etc)
- Change a shell back badge to a solid badge or vice versa
- Change shape or dap of badge
- Change a panel on a badge - ***we no longer will change a panel on a badge. The operation is overly destructive to the badge. 90% of the time this service is performed the result is the destruction and complete remake of a badge.***
- Change letters or remove periods on cut out letters
- **Change a plated badge to a Hi-Glo®, Rho-Glo®, Sil-Tone®, or Gol-Tone® finish
- Change or repair badge cases
- Make modifications to a badge manufactured by someone other than Blackinton®

TOP 10 REASONS TO SELL FLEXBADGE

- 1** Grow your sales with the fastest growing product line
- 2** Quicker and cheaper than embroidery and doesn't get dingy
- 3** Free's up embroidery machines for your other customers

CUSTOM METAL BADGE = CUSTOM FLEXBADGE

During the creation of a new metal badge die, your customer may be able to take advantage of a special offer to have a custom FlexBadge mold produced at the same time. If qualified, the Flexbadge setup fee would be waived, and lower minimum ordering requirements could be available. Standard pricing for FlexBadge would apply. Contact your Blackinton sales representative to get more information.

DEALER ORDER INFORMATION

PLACING AN ORDER:

The Blackinton® Web Wizard Ordering Portal should be used by all dealers when placing an order with Blackinton.

The web-based system guides you through the order entry process; enabling orders to be entered efficiently, while helping to eliminate accidental mistakes or omissions that can delay shipment. We encourage you to take advantage of the template feature, which greatly enhances the speed and accuracy of entering an order.

Orders will only be accepted via the Web Wizard Ordering Portal or on official Blackinton order forms. If you use our order forms, you must type your orders or your order will not be processed. Handwritten orders will not be accepted. Order forms can be requested by sending an email to customerservice@blackinton.com.

When submitting orders please provide all information required for processing, or the order will be delayed. We can not honor orders that specify "AS HAD" or "AS PREVIOUSLY SUPPLIED".

Quotations

We invite you to work with your Blackinton sales representative on opportunities pertaining to bids, contracts, large volume orders, and custom product design. Your sales team is available to help you with pricing and the entire quotation process.

CANCELLATIONS AND CHANGES TO EXISTING ORDERS:

The process of producing a hand-crafted quality badge is unavoidably time consuming. Although we carry a large inventory of stock components, they are in raw state and require additional work prior to assembly. To ensure the promptest delivery of your order, we enter all orders within 24 hours upon receipt. Therefore changes to orders, or cancellations, can only be accepted if they are received in writing and acknowledged within 24 hours after Blackinton receives your original order. After this time orders will be processed as received, and you will be responsible for payment in full. In the Web Wizard ordering portal after you submit an order you have a one hour window in which you can go back into your order and edit or delete it. After this hour you would need to contact customer service.

MANUFACTURING LEAD TIMES

Since our lead times are dynamic we encourage you to visit www.blackinton.com/shipping-policies to get the most up to date times.

SHIPPING:

Shipping Cost

Shipping is added to the total cost of your order. Shipments are made via UPS, FedEx, or Parcel Post unless otherwise requested. Expedited shipments are available at an additional charge. Shipping charges vary depending upon order size, destination, carrier, and method desired. All prices are F.O.B. Attleboro Falls, Massachusetts, and are subject to change without notice.

Shipping Disputes

If an order is damaged upon delivery, we will assist you with repair or replacement. Please be advised that once your package leaves the Blackinton Facility, we are no longer responsible for shipping delays, service disruptions, or weather delays.

If there is proof of delivery, to the supplied address, we will not accept requests for no-charge remakes. Please contact the carrier of record to register any complaints or grievances.

If an item is shipped on your account, we will be unable to assist you with any delivery disputes or charges. You should contact the carrier who handles your account directly. If an order shipped on our account is lost in transit, or listed as undeliverable, we are happy to assist you in filing a claim via any of the carriers we use.

Order Tracking

Dealers can track their order status by logging into the Web Wizard at app.blackinton.com. You can also reach the site by going to the Blackinton website, www.blackinton.com, and clicking on dealer login. If you do not have login credentials you will be prompted for your Blackinton account number and pin number.

DIES, DESIGNS & LETTERING

Dies:

Precision dies are necessary for the fabrication of a custom Blackinton badge or insignia item. We welcome all requests for custom designs. Please see the Customer Care section of our website ([www. Blackinton.com](http://www.Blackinton.com)) for details regarding our custom die policy.

Custom Design:

Blackinton® has a full service in-house design staff that can transform your ideas and concepts into an artist rendering of a new custom badge, coin, or seal design. There is no charge for custom badge, coin, or seal artwork. Our sales team will work with you, and our designers, to help transform your concept into a computer generated rendering. A rough drawing of your idea is generally all that is needed to get started on your custom design. The possibilities are endless.

All artwork remains the property of V. H. Blackinton & Co., Inc. and cannot be copied or used for competitive bidding without the express written consent of V. H. Blackinton & Co., Inc.

Custom Text:

Depending upon the badge style you are ordering there are anywhere from 1 - 7 panels that can be customized with text. Blackinton® offers both Roman and Block style lettering. The size of the lettering is determined by the item chosen and the number of characters to be used. Block style lettering is standard on one piece construction badges and Roman style lettering is standard on all applied panel badges.

Words often have more than one spelling (i.e.; Attleboro, Attleborough) so we have to assume you have checked your order, and it contains the proper spelling. We will not be responsible for errors resulting from illegibility or spelling mistakes.

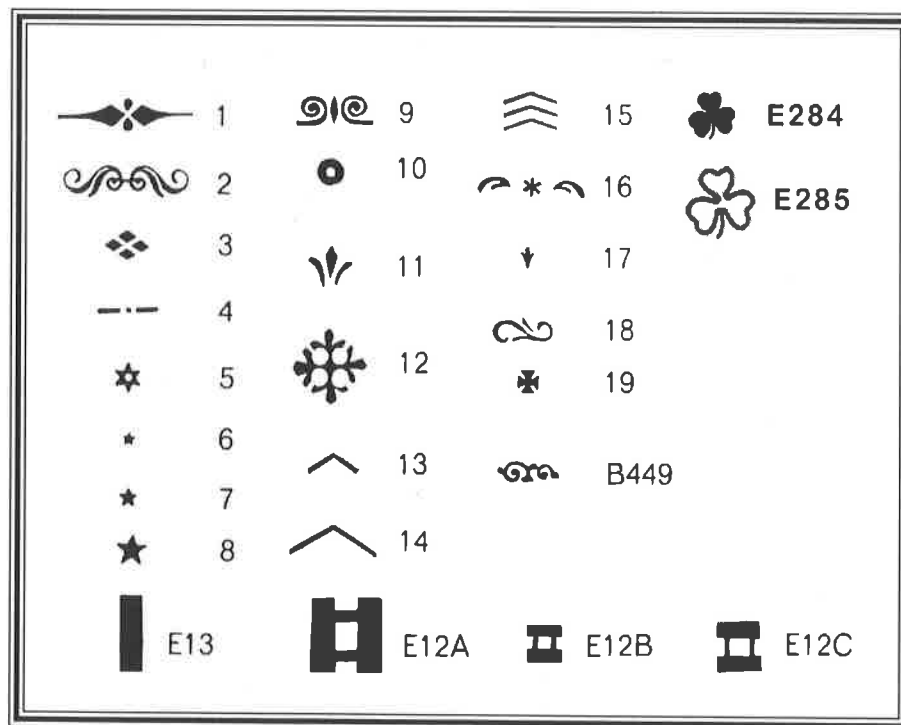

We reserve the right to change the character style and/or abbreviate text as necessary to fit the item.

Design Punches:

The designs shown below can be stamped into badge panels in place of text.

The designs are shown actual size, please ensure the design punch fits in the appropriate area on the badge you are ordering.

DESIGN PUNCHES Shown Actual Size

V.H. BLACKINTON & CO., INC.
BADGE ORDERING SPECIFICS

FINISHES:

Blackinton® badges are available in a variety of finishes; see page 38 of this booklet for details. Throughout the badge section retail prices are broken out by finish.

Nickel, Rhodium, and Gold Electroplate prices include a plain seal, and regular enamel lettering. Dura-Enamel lettering, Dura-Enamel rim, and full colored seals are available for an additional charge: please refer to the following two pages for a listing of all add-on charges.

HI-GLO®, RHO-GLO®, V.H.B. KK®, and Two-Tone badge prices include Dura-Enamel full color seals and lettering on the badge. **Deluxe** badge styles are designated with the suffix DE and **Reversed Enamel** badge styles are designated by suffix R, (Many standard titles available. If you want a title we don't currently have in a panel you will incur a nominal die fee.)

A variety of custom options are available, for pricing and availability contact your Blackinton® sales representative.

BADGE BACK SPECIFICATIONS:

All Blackinton® badges come in either a **Shell back** or **Solid back**. The badge pricing pages include the badge style and a **Type** code. This code refers to the back of the badge, see below for coding.

CODING:

A = Furnished Solid Back Only.

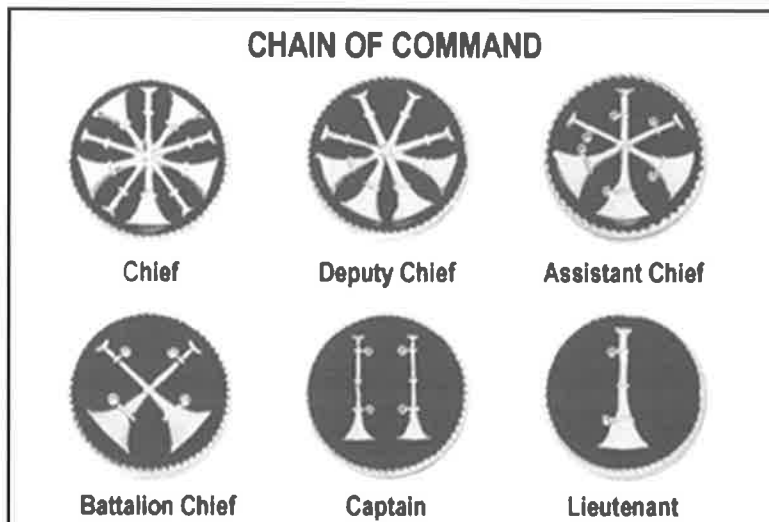

B = Shell Back Badges - May be struck solid for an additional charge of \$11.60 per badge.

D = Shell Back Only - Cannot be struck solid.

Solid back badges come standard with a satin back finish unless otherwise specified. Refer to code #31 on the following page for the additional charge.

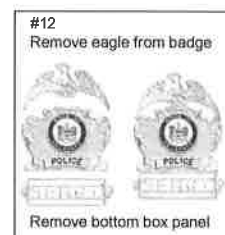

Next to the Type code we reference which pages you can find a picture of the badge in both our Law Enforcement (LE) and Fire-Rescue Catalog (F).

ALL PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

LAW ENFORCEMENT CATALOG # LEC 16 FIRE & RESCUE CATALOG # FRC 0417

FOR INSIGNIA AND GENERAL MERCHANDISE

All prices are F.O.B. Attleboro Falls, and subject to change without notice. Terms are 1%
10 days - net 30 days to established accounts.

ORDERING INFORMATION

Use catalog item numbers in all cases. Failure to do so will cause delay in processing and will make order subject to return for further identification. Use of titles, color of finish, and size where required will also help assure proper filling of order.

Manufacturing time of four weeks should be allowed, although we will make every effort to ship sooner when possible.

Packing & Shipping- All items are bulk packed (sealed poly bags or tissue wrapped) unless otherwise noted. Shipments are made via U.P.S. or Parcel Post unless otherwise requested.

Special Orders - Orders for items not shown in catalog will be handled as special orders and quotations given upon request prior to manufacturing.

Engraving- Some items can be personalized by engraved inscriptions on the reverse side. This is done at a \$11.40 Flat Fee when machine engraved.

**ORDERS CAN ONLY BE CHANGED OR CANCELLED
WITHIN 24 HOURS AFTER RECEIPT OF ORDER.
THEREAFTER, ORDERS WILL BE PROCESSED AS RECEIVED.**

On all special orders, a shortage or overage of not more than 5% constitutes a complete order and is billed at a pro rata price in the absence of agreement to the contrary. All insignia made to order are not returnable.

ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE.

COMMENDATION BARS

View our bars by visiting

www.blackinton.com

ALL COMMENDATION BARS

Rhodium	\$23.00
Gol-Tone®	\$23.00

All of our commendation bars are available in two finishes and pricing is the same for all commendation bars.

*There is a \$12.70 add-on charge/bar for engraving commendation bars

There are no quantity discounts available for this product line

Understanding Our Offering

- » **IN-STOCK BARS:** Our most popular bars are available as part of our JStock program. They all measure 1 3/8" x 3/8" and come in the enamel color shown. They come with a single cab slide holder and ship within 5 days of order receipt at Blackinton®.
- » **CATALOG STYLES:** We have 100's of styles in a variety of different sizes. Visit our website www.blackinton.com and search by category: Military, flag, K9, etc, number of sections, size, and type of bar. Our catalog bars take the enamel color of your choice.
- » **ATTACHMENTS:** Our bars either come with a CAB Slide Holder or Clutch Back attachment. To determine what is standard go to our website and look up a commendation bar under Products and click the Specs tab to see the standard attachment.

Clutch Back
2 nails with butterfly clutch

CAB Slide Holder
The holder has 2 nails with butterfly clutches

- » **CAB-SLIDE HOLDERS:** Our CAB slide holders help organize and align the commendation bars. Our holders can hold one bar or up to 15 bars, and the best part is there will be less holes in the uniform. We have two sizes accommodating our 3/8" and 5/16" bars.

Commendation bars slide in and stay aligned and neat!

Slide Bar
Pricing Page 32

Only 2 clutch backs (2 holes), yet it holds 3 bars!

- » **CUSTOM COMMENDATION BARS:** If more than 25 bars of the same unique design are needed we suggest a custom die struck bar, as a new die would be less expensive. There is a one-time die cost that varies, but is approximately \$300. If less than 27 bars are needed we suggest you consider our engraveable bars, see below for details. If the department plans to place multiple orders for the same bar a die would offer better consistency than an engraved bar.

Engraved Commendation Bars

Economical Custom Solution

Engraved commendation bars offer customization without a die cost for small custom orders, and a sound quality manufacturing alternative to applying characters to commendation bars.

Engraveable commendation bars (see our website for a complete listing) can be engraved with block lettering and/or the symbol of your choice. We also offer ONE color in the engraved area (example on right). If a color is not specified the bars receive clear in the engraved area and the metal will show through (examples on the left). There is an \$12.70 add-on charge per bar. If a custom symbol is requested there is a one-time \$49 set-up fee.

***If lettering is too long it will be engraved on two lines.**

NO COLOR IN ENGRAVING

A7140-LS with SYM-7

A7140-LS Your lettering

COLOR IN ENGRAVED AREA

A7140-LS with Sym-7 filled with blue enamel

A7140-LS Your lettering filled with white enamel

Blackinton® does not recommend applying characters to commendation bars as they do not meet our high quality standards. Applied character bars are no longer repaired for free.

Available Standard Symbols

Please order referencing symbol style; i.e., Symbol 24

MEDAL OF VALOR

V. H. BLACKINTON & CO., INC.

Blackinton® Guarantee

Blackinton® strives for 100% customer satisfaction. The appearance and structure of your badges are enhanced by quality materials and expert craftsmanship. Manufacturing defects, if any will be promptly corrected.

Refinishing Guarantee

Blackinton® Hi-Glo®, Rho-Glo®, V.H.B. KK®, and Two-Tone badges are refinished at no charge, however see Repair Policy for any handling charges that may apply. Our refinishing guarantee is valid until the badges become overly worn from polishing. Badges beyond repair due to abuse or overly worn will be returned. The handling charge will still apply.

Security Guarantee

Blackinton® assigns a high priority to the security of your badges. Systems are in place to assure that your badges be manufactured only at your request. Badges and insignia are entirely manufactured in our physically-secure facility in Attleboro Falls, MA, USA.

In-House Design

Blackinton® designers are eager to assist our customers in the transformation of ideas from the creative thought process to the rendering of a finished design.

FINISHES IN WHICH BLACKINTON® PRODUCT IS AVAILABLE

SHOWN ON PAGES 86 & 87 OF LAW ENFORCEMENT CATALOG

AND ON PAGES 44 & 45 OF FIRE-RESCUE CATALOG

NICKEL PLATE is a hot nickel solution applied by the electroplating process to the polished base metal of a badge. It is silver in color and has a fair degree of hardness. Nickel plate will sometimes lose some of its luster with age.

RHODIUM PLATE, an element within the platinum metal group, is a precious metal that is applied by the electroplating process over a bright nickel base. Rhodium can be distinguished by its brilliant white finish and is tarnish resistant. It will not discolor or peel from the surface of a badge.

GOLD PLATE is a deposit of 22K+ fine gold electroplate on base material for a rich, bright appearance.

RHO-GLO® is a base material which has a solid silver color throughout and requires no surface plating. Highly polished to a brilliant luster, a clear coating is then applied to enhance its durability.*

HI-GLO® is a base material which has a golden color throughout and requires no surface plating. Highly polished to a brilliant luster, a clear coating is then applied to enhance its durability.*

TWO-TONE is a combination of gold and silver colors. Badges with applied panels will normally consist of Hi-Glo® material for the gold color and Rho-Glo® material for silver color. Badges of one piece construction will consist of Hi-Glo® panels and rhodium plate background or Rho-Glo® panels and gold plate background.*

V.H.B. KK® is a heavy gold electroplate (HGE) is the ultimate in fine gold plate. This process applies a uniformly thick coating of tarnish proof high karat gold, purer and more durable than gold plate.*

ROSE GOLD is a darkened gold electroplated base material which is hand rubbed to create the appearance of an antique gold finish. Use Gold plate price plus ADD-ON code #30.

V.H.B. BLACK is a subdued black finish over a base material which is then lacquered to provide a durable finish and also minimizes reflection. Use Nickel plate price.

V.H.B. BRONZE is a base material, blackened and hand rubbed leaving the appearance of natural oxidation from age. A clear coating is applied to enhance its finish and durability. Use Nickel plate price.

GUN METAL: Our newest charcoal finish features a hint of blue, unlike the matte finish of V.H.B. Black, Gunmetal has a slight sheen. A clear coating is applied to enhance its finish and durability. Use Nickel plate price.

PINK: Vibrant pink finish over a base material. Developed as part of our Breast Cancer Awareness line. A clear coating is applied to enhance its finish and durability. Use Nickel plate price.

SOLID BACK BADGES COME STANDARD WITH A SATIN BACK FINISH UNLESS OTHERWISE SPECIFIED. SEE ADD ON CODE #31

* **HI-GLO®, RHO-GLO® and V.H.B. KK®** are registered trademarks of V. H. Blackinton & Co., Inc.

* **Price includes Dura-Enamel full color seal and Dura-Enamel lettering.**
