Replacement Ropes: Available for purchase (rope only, no descender or connectors)

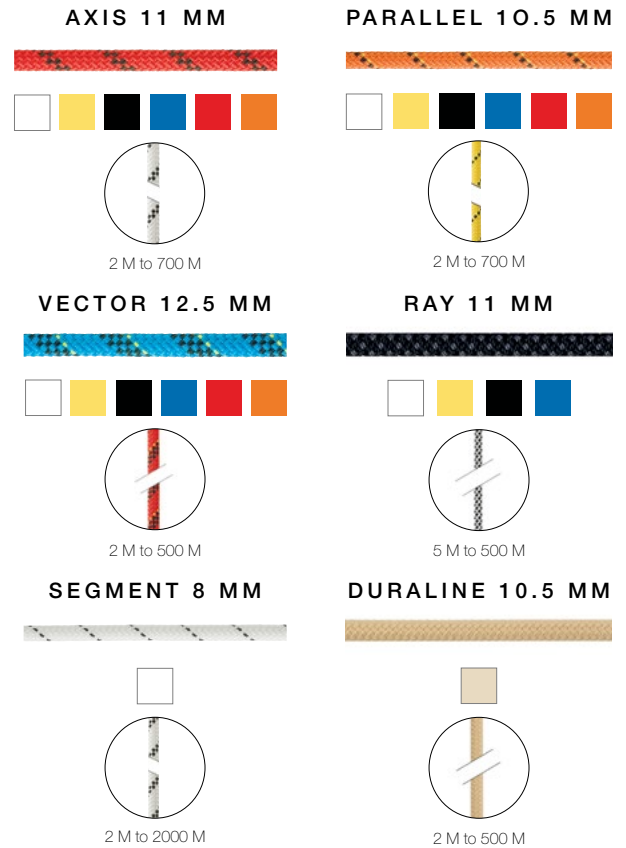

JAG RESCUE KIT

JAG SYSTEM Lengths: 1 M or 2 M

Storage: Red BUCKET (25 L or 35 L), TRANSPORT 45 L

Ropes

Sewn Termination: Available without sewn termination, at one end, or at both ends
(DURALINE only available without sewn terminations)

Essential for work-at-height professionals, helmets give the user effective protection from falling objects or if the user falls. Thanks to a very secure fit on the head, Petzl helmets are comfortable to wear in many situations. With a complete line of entirely modular accessories, they meet the diverse needs of many working environments.

COMMUNICATION SYSTEMS

are easily mounted on the two slots on the side of the shell

ANSI Z89.1 RATED*

all Petzl helmets are rated to the ANSI Z89.1 standard for industrial head protection

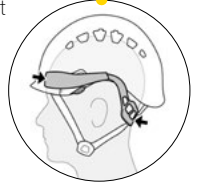

COMFORTABLE FIT

two side adjustment wheels for custom positioning and absorbent foam for comfort

CUSTOMIZATION

add your organization's logo and / or reflective gray, red, or blue stickers

FLIP AND FIT SYSTEM

system provides a secure fit on the head and folds when not in use for easy storage

DUAL CHINSTRAP

with adjustable strength to adapt helmet for both work at height use and on the ground

VERTEX

Comfort Focused

protects against electrical hazards, molten metal splash and flames

VERTEX VENT

Comfort Focused, Vented

vent holes with sliding shutters allow ventilation to be adjusted as needed

STRATO

Lightweight

protects against electrical hazards, molten metal splash and flames

STRATO VENT

Lightweight, Vented

ventilation holes allow airflow through the helmet

ACCESSORIES

The VERTEX and STRATO helmets are modular systems, and can be used with Petzl's extensive line of easily interchangeable protective eye and face shields, lighting, and other accessories.

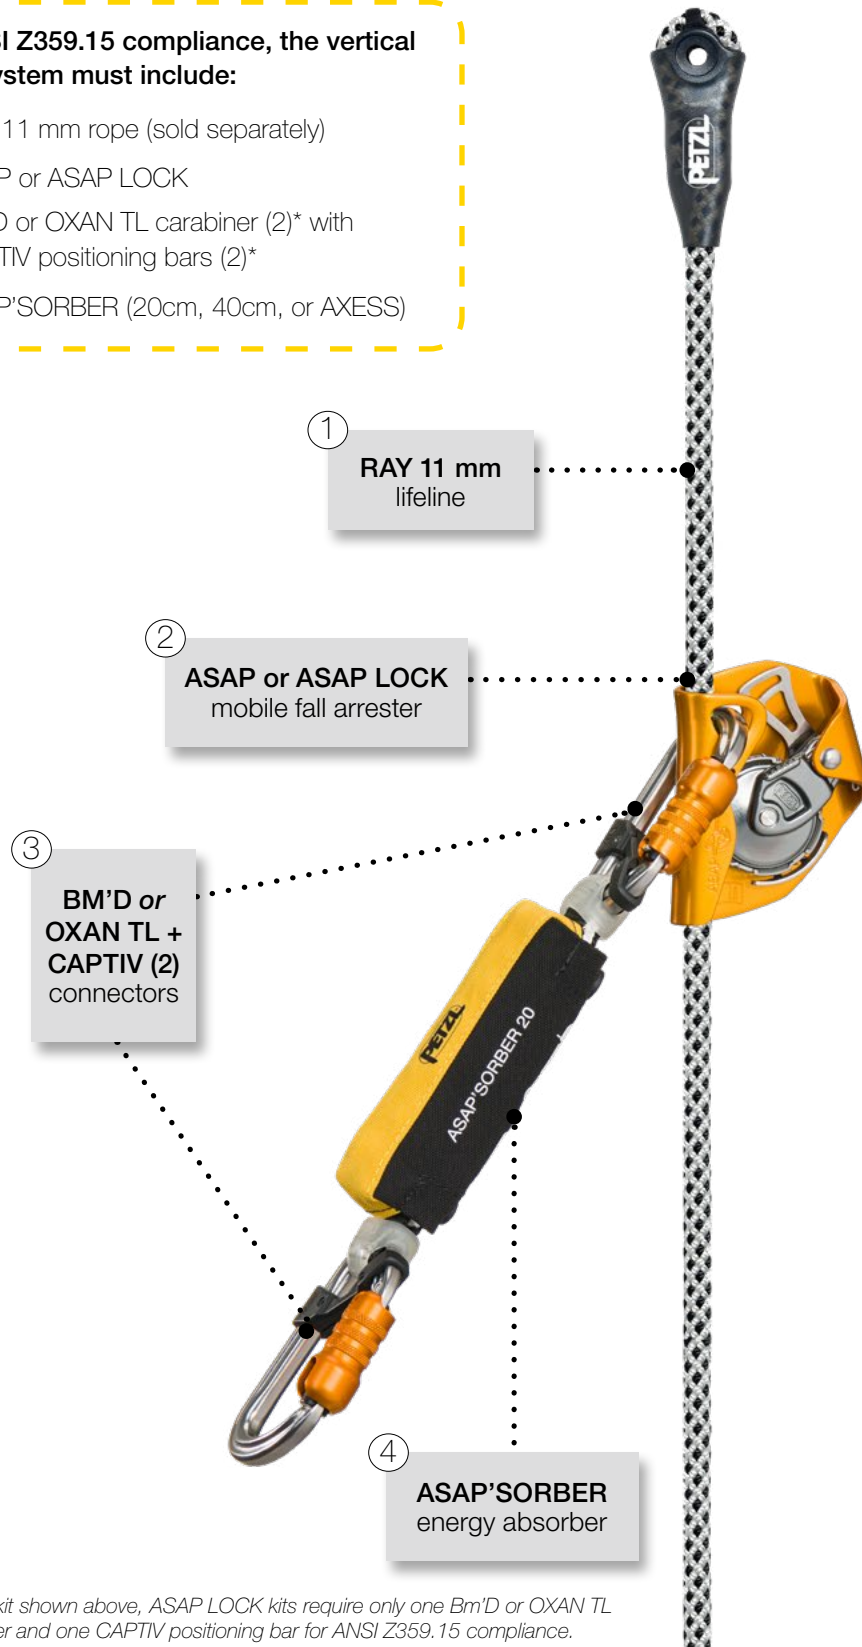

*Visit petzl.com to view the CSA certified VERTEX

VERTICAL LIFELINE KITS

Petzl's vertical lifeline kits are certified to meet the ANSI Z359.15* standard and designed to keep those that work-at-height safe. In case of a slip or fall, the ASAP or ASAP LOCK mobile fall arrester locks onto the RAY rope arresting the user and stopping the fall. The ASAP'SORBER provides energy absorption, and limits impact forces accordingly to the user's weight and fall distance.

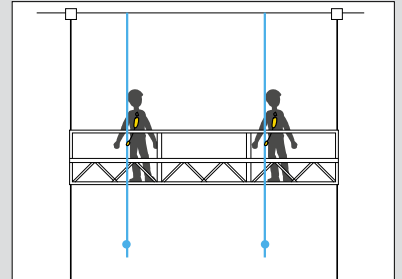

***For ANSI Z359.15 compliance, the vertical lifeline system must include:**

- ① RAY 11 mm rope (sold separately)
- ② ASAP or ASAP LOCK
- ③ Bm'D or OXAN TL carabiner (2)* with CAPTIV positioning bars (2)*
- ④ ASAP'SORBER (20cm, 40cm, or AXESS)

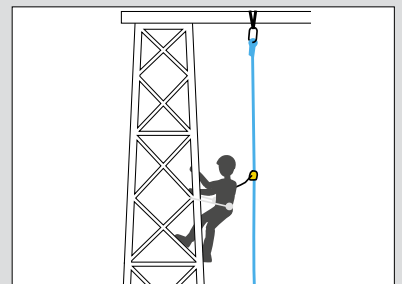

**ASAP kit shown above, ASAP LOCK kits require only one Bm'D or OXAN TL carabiner and one CAPTIV positioning bar for ANSI Z359.15 compliance.*

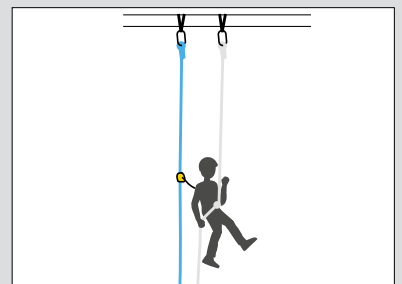

Applications and Examples

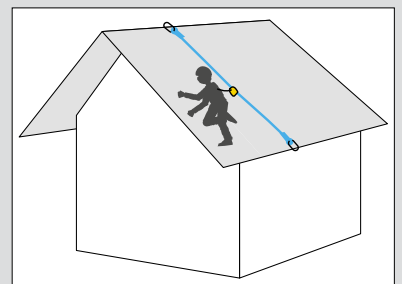

Swing Stage: Construction, window cleaning, building maintenance work

Aerial Structure or Ladder: Energy transmission and telecom tower climbing

Rope Suspension: Rope descent systems and rope access work

Sloped Roof Top: Construction, solar panel installation, repair work

MOBILE ELEVATING WORK PLATFORM (MEWP) KITS

Petzl's mobile elevating work platform (MEWP) kits offer a simple, ready-to-use fall protection solution for those that work-at-height in a bucket truck or on a lift. The NEWTON and NEWTON EASYFIT are fall arrest harnesses with sternal and dorsal attachment points, providing great versatility. The ABSORBICA-I 150 cm and adjustable ABSORBICA-I VARIO single lanyards absorb energy in the event of a fall. Each kit includes a BUCKET bag to easily store and transport the gear.

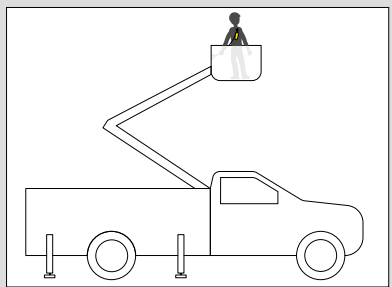

BM'D + CAPTIV (2) connectors

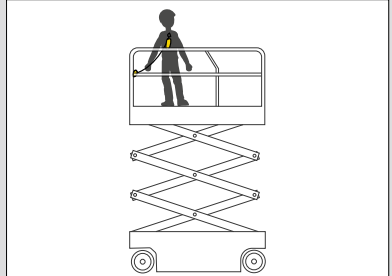

ABSORBICA-I VARIO adjustable lanyard with integrated energy absorber

Petzl America, Inc. ("Petzl") and Professional Dealer ("Customer") agree to the following 2023 Terms for the 2023 Season. If there is any conflict between these Terms and the Customer Agreement, then the terms of the Customer Agreement prevail.

GENERAL TERMS: Petzl offers Customers with approved credit standard terms of Net 30 from the invoice date. Any discounts shall apply only to product, not freight or other charges. Monthly statements will be sent reflecting all open invoices. Returned checks will incur a \$20 processing fee. Credit card payment is accepted, but Customer forfeits any related special order terms and / or line-item discounts.

MAP POLICY: Petzl's Minimum Advertised Price (MAP) Policy is available by emailing map@petzl.com.

TERRITORY AND THIRD-PARTY SALES: Customer is only authorized to sell Products directly to end-user customers in their Territory (country), either from one or more Customer-branded physical retail locations, or through one or more Customer-branded websites owned and internally managed by Customer, subject to registry with and prior written approval from Petzl. Customer agrees not to directly or indirectly resell, offer for sale, (or authorize through others the resale of) Products on any third-party site, without prior written consent from Petzl. Any unauthorized direct or indirect sales to third-party resellers or entities or on third-party sites entitles Petzl, at its option, to suspend Customer's shipment, cancel outstanding purchase orders, refuse to accept future purchase orders, and immediately terminate the Customer Agreement, in addition to any other remedies available to Petzl under applicable law.

STOCKING PROGRAM: The Pro Stocking Pre-Order Program allows discounts for Customers placing future orders. See annual price list and Dealer Alliance program for details and opportunities. Adjustments to pre-stocking orders are limited to +/-20% of overall value before the order reverts to ASAP terms. Any changes greater than 20% requires a separate purchase order and defaults to ASAP terms. Adjustments to pre-stocking orders must be sent to your Petzl CSS Rep no later than 16 days prior to the scheduled delivery date. Petzl reserves the right to ship pre-stocking orders +/-3 days from the scheduled ship date in order to balance peak seasonal shipping volume.

NEW STORE LOCATION: Petzl offers Customers in good credit standing a 7% line item discount below wholesale / NET 90 dating on a single PO for the initial stocking of an additional or new physical retail store location.

PRICES AND TAXES (U.S.): Prices are quoted in U.S. Dollars, and are subject to change upon notice. Prices exclude all taxes, including without limitation sales taxes, duties, assessments, or other fees or charges of any governmental body ("Taxes"), which are Customer's sole responsibility. Any Taxes which Petzl is required to pay or collect, will be added to each invoice or separately invoiced by Petzl.

PRICES AND TAXES (Canada): Prices are quoted in Canadian Dollars, and are subject to change upon notice. If Customer selects and uses its own shipper, then Customer agrees to pay all customs, duties and brokerage service fees. All Taxes that Petzl is required to pay or collect, will be added to each invoice or separately invoiced by Petzl.

PAYMENT: Customer will pay Petzl the full amount of each invoice when due without any offsets or credits. All payments will be due as per terms in the invoice. If Customer is in default, or in Petzl's judgment, Customer's financial condition poses risk of nonpayment or delayed payment, then Petzl may in its sole discretion, require that Customer pay on a cash-in-advance basis, suspend its performance in delivering Products, and /or revoke its acceptance of Customer's order. Past due invoices shall bear interest at the rate of one and one-half percent (1 ½%) per month, or eighteen percent (18%) per year, until paid in full. Any fees incurred by Petzl due to Customer's ordering error may be charged back to Customer.

MINIMUM OPENING ORDER & ANNUAL PURCHASE REQUIREMENTS: Customers must purchase a minimum of \$4,000 to open a new account, and \$4,000 per calendar year to remain an active, authorized Petzl Customer. Headlamp-only Customers must purchase a minimum of \$500 to open a new account, and \$2,000 per calendar year to remain an active authorized Petzl Customer.

RUSH ORDERS: Upon special request, Petzl may provide same day shipping on available products, if the order is received by 11:00 a.m. Mountain Time. This exception is not available as a standard practice, but only for special/rare circumstances.

FREIGHT, DELIVERY AND RISK OF LOSS: Delivery in the United States will be made F.O.B. Petzl's shipping point, at which time title and risk of loss passes to Customer. If Petzl is using its own shipper, then delivery in Canada will be made DDP Destination, at which time title and risk of loss passes to Customer, excluding GST, HST & PST. If Customer selects and uses its own shipper, then delivery in Canada will be F.O.B. Petzl's shipping point, at which time title and risk of loss passes to Customer. Petzl uses a tiered, fixed-rate shipping structure for all freight costs shipped on Petzl's account for "pre-pay and add" terms. Petzl will not reimburse freight charges due to cancelled back-orders. Contact info@petzl.com for rates. Delivery dates are non-binding estimates. Petzl shall not be liable for delay in delivering Products. Delivery dates will vary according to manufacturing and other conditions. Each shipment is considered a separate sale. Delivery delay does not relieve Customer of its payment obligations. All losses or damages occurring in transit must be reported to the shipping carrier at the time of delivery.

DROP SHIPMENTS: Petzl may process drop-shipments upon prior written consent for a service fee of \$10 per order.

CANCELLATION OF PURCHASE ORDERS: Customer may cancel purchase orders for non-custom Products within the same business day of placing the purchase order, provided that the order has not yet begun processing by our DC staff or shipped. Customer may cancel pre-stocking orders upon written notice at least 16 business days prior to the scheduled delivery date. Purchase orders are irrevocable for custom Products once Petzl has purchased raw materials or components and/or initiated the manufacture of such custom Products. Cancellations are effective upon Petzl's written consent to Customer. Customer agrees to pay for Products shipped prior to the effective date of cancellation.

LIMITED WARRANTY: Petzl makes no warranty of any kind, express or implied with respect to Products, except that Products shall materially conform to the specifications at the time of shipment to Customer and will remain materially free of defects in materials and workmanship for the period specified on the written limited warranty separately provided with each Product. Petzl makes no warranty of any kind, express or implied for Products that have been modified, changed, repaired, refurbished, reprocessed, or altered by anyone other than Petzl; purchased from anyone other than Petzl; subjected to misuse, re-use, accident, abuse, neglect or tampering; combined or used with products or components that are incompatible with Products or Product Information; damaged by excessive physical, environmental or electrical stress or overly-worn; used outside of instructions in Product Information; or that have had a serial number altered, defaced or removed. Any technical Product advice furnished by Petzl is provided without duty or compensation and Petzl assumes no obligation or liability, all such advice being given and accepted at Customer's and user's risk. TO THE FULLEST EXTENT ALLOWED BY LAW EXCEPT AS EXPRESSLY SET FORTH HEREIN, PETZL MAKES NO WARRANTY, EXPRESS OR IMPLIED, TO CUSTOMER, END-USERS OR ANY THIRD PARTIES WITH RESPECT TO PRODUCTS. PETZL DISCLAIMS AND EXCLUDES ANY AND ALL OTHER EXPRESS, IMPLIED, AND STATUTORY WARRANTIES, INCLUDING WITHOUT LIMITATION, WARRANTIES AGAINST 2023 Sales Terms & Conditions 46 PETZL.COM INFRINGEMENT, AND THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Petzl's sole obligation and liability for any Product which fails to meet any Petzl warranty shall be, at Petzl's option, to either repair or replace such Product, or issue a credit in the amount of original invoice price. In no event will Petzl's liability exceed the price Customer paid for the Products.

WARRANTY DETERMINATIONS: Petzl's After Sales Department makes all warranty determinations. Contact returns@petzl.com. If a product is within the warranty window, Petzl will perform any necessary repairs, replacement, or credit at no charge to the Customer. Petzl is not responsible for inbound return freight, but will pay outbound freight on product repaired or replaced under warranty. If a product is outside the warranty window, or if the damage is due to user neglect or improper usage (i.e. corrosion), or otherwise excluded in our limited warranty, then the After Sales Department will contact the Customer to discuss possible repair or replacement options. Customer will not be assessed any charges without consent.

INSPECTION AND RETURNS: Within 15 days after delivery, Customer will inspect the Products and notify Petzl in writing of any defects, discrepancies or missing Products. Failure to timely notify Petzl will be deemed acceptance of the Products and Petzl's Product unit count as stated in Petzl's packing slip or other shipping documents. Upon Petzl's prior written approval, unused, resalable, current Product in original packaging may be returned at Customer's expense for full credit, less a 10% restocking fee. If the Product being returned has been stickered, or if the packaging has been damaged, then Petzl may charge Customer a restocking fee up to 25% to return the Product to stock in a sellable condition, at Petzl's sole discretion. All returns require Petzl's consent in the form of a Return Authorization Number. If the return is due to Petzl's error, then restocking fees will not apply. Discontinued, close-out or obsolete Products are not eligible for return without Petzl's prior written consent. Petzl will not accept any charge-backs, processing fees, or invoice auto-deductions related to Product returns. Products must be returned to Petzl, freight prepaid by Customer, F.O.B. Petzl's warehouse or other destination directed by Petzl in accordance with Petzl's standard return policies.

PRODUCT INFORMATION & DATA: Petzl has created Product information, including without limitation, Instructions for Use ("IFU"); packaging; labels; technical data; technical tips; technical notices; Personal Protection Equipment ("PPE") inspection procedures and checklists; tips for maintaining and protecting equipment; drawings; photographs; general use terms; and regulatory information (individually and collectively "Product Information"). Product Information can be found attached to the Products and on Petzl websites. Customer agrees to retain original Petzl Product Information intact with the Product as provided by Petzl and deliver all Product Information as provided by Petzl to the end-user at the time of sale or transfer to the end-user. Product Information shall be subject to change without notice from Petzl. Customer agrees to monitor Petzl website for most current Product Information and shall use commercially reasonable efforts to refer end-user customers to the Petzl website for updated Product Information. Transferring or providing Product Information to third-party resellers or entities without Petzl's prior written consent is a material breach of this Agreement, and entitles Petzl, at its option, to suspend shipment, cancel outstanding purchase orders, refuse to accept future purchase orders, or to immediately terminate this Agreement, in addition to any other remedies available to Petzl under applicable law. Customer agrees to use the Products and to instruct others in their use, in accordance with the Product Information. Customer agrees that Customer's or the end-user's failure to properly use, apply, store, service, and/or maintain the Product in accordance with Product Information may result in severe injury, paralysis, or death; and Customer shall be responsible for any and all such injury, death or damage to the extent it was caused by Customer's negligence. There may be potential uses or techniques other than those described in the Product Information that have not been authorized or validated by Petzl for the Product; and Customer assumes sole responsibility for using or instructing others in any unauthorized uses or techniques. Petzl shall not be liable to warn the user of all unauthorized uses and techniques.

EXPORT CONTROLS: Customer will comply with all applicable export/import laws, including obtaining licenses and other import certifications. Customer will not assist or engage in the diversion of Products to any country to which the U.S. or Canada has embargoed or restricted the export of goods or services. Customer agrees not to export or re-export U.S.-origin Products to any person or entity that has been prohibited from participating in U.S. export transactions by any federal agency of the U.S. government. Customer warrants and represents that neither the U.S. Bureau of Export Administration nor any other U.S. federal agency has suspended, revoked, or denied its export privileges. See www.bis.doc.gov/licensing/exportingbasics for information.

CALIFORNIA PROPOSITION 65 ("CA Prop 65"): CA Prop 65, the Safe Drinking Water and Toxic Enforcement Act of 1986, was enacted as a ballot initiative in November 1986 to protect sources of drinking water in the State of California and to provide notice to people in California of certain exposures to substances believed by state regulators to cause cancer, birth defects or other reproductive harm, and to inform citizens about exposures to such chemicals. Customer shall provide warnings to California customers in conformity with current California regulations. Customer shall not remove any CA Prop 65 warning on any Product that will be sold in or shipped to California. Find the most current list and more information about Proposition 65 at: <http://www.oehha.ca.gov/prop65.html>
