

SMALL JAIL PHARMACY CARD PROGRAM

Save 25 % - 45% or more with a simple and easy solution

Small jails should not have to pay high prices on prescription medications just because they're not large enough to have a contract with a correctional pharmacy provider. Unfortunately, and all too often, jails with an average ADP of 150 or less are paying more at retail pharmacies than they should to fill prescriptions needed for inmates. If this is happening at your jail, InMedRx has a solution that can save you significant money.

Introducing a Small Jail Pharmacy Card program to help reduce the cost of medications.

With InMedRx, jails can use our pharmacy card at virtually any retail pharmacy to get the same medications being purchasing today—but at a discounted rate. We've negotiated prescription drug costs on behalf of thousands of facilities nationwide so that we can deliver savings that are unavailable on a single jail basis.

In addition to saving money and keeping your pharmacy spend local to your community, this product does not require any modification to your current process. It's as easy as taking your insurance card to the pharmacy!

How the InMedRx program works:

Medication Needed	Pharmacy Visit	Billing & Reporting
<ul style="list-style-type: none">✓ Jail admits a new inmate, or an existing inmate has a health event✓ Jail contacts doctor or takes inmate to the doctor and doctor writes a prescription to use at the pharmacy	<ul style="list-style-type: none">✓ Officer visits pharmacy to pick up the medication✓ Instead of paying cash, the officer presents the jail pharmacy card✓ Pharmacist provides medication and processes the claim with InMedRx at a discounted rate	<ul style="list-style-type: none">✓ Jail Pharmacy Card triggers a claim in our system for discounted pricing✓ Twice a month, InMedRx sends an invoice to the Sheriff's office✓ InMedRx provides detailed monthly reporting

You can get started in less than two weeks, here's how:

- 1. Analyze Savings:** Provide InMedRx with a historic claims file, invoices, or receipts, if available*
- 2. Execute Contract:** Join the group of InMedRx correctional facility partners
- 3. Set-up Program:** InMedRx will send you facility-specific cards and add you to our systems
- 4. Program Launch:** Start using the cards when you visit the pharmacy
- 5. Measure Savings:** There are NO fees charged to the facility up-front or annually. InMedRx will share in the savings realized from our pharmacy network. Any savings we deliver will enable you to deploy that money to other programs.
