HOW TO ORDER

1. Select Suction Intake model (2850 or 2860)
2. Select intake adapter from available options - note code
3. Select discharge adapter from available options - note code
4. Select operation style (gear or lever) - determined by part number ordered (Lever only for retro-fit or non-truck operations)
5. Select additional options as needed (bleeder, strainer)
6. Example: 02860101-16-36 = 6" Suction Intake with 6" female NH inlet and 6" male NH outlet
7. Pricing for above example: \$1755 + \$444 + \$444 = \$2643 list price

Single Body

Single Body valves include the actuator. Adapters may be ordered separately or as a configured, assembled valve by complete valve model #. Single Body and Unibody valve components are not interchangeable.

For ease of ordering visit www.elkhartbrass.com to download the Unibody/Single Body Valve configurator

Complete Valve Model Number:

Body Model # (Includes Actuator) Inlet Adapter Model # + Outlet Adapter Model #

Complete valve price = price of body + adapters + actuators and accessories if required

Step 1: Choose your valve body

Unibody valves may be ordered as individual components by part # or as a configured, assembled valve by complete valve model #

For ease of ordering visit www.elkhartbrass.com to download the Unibody/Single Body Valve configurator

Complete Valve Model Number:

Body Model # - 1Inlet Adapter Model # - 1Outlet Adapter Model# - 2Actuator Model#

Complete valve price = price of body + adapters + actuators and accessories if required

Note1 - Body models ending in B, D, J or S are wafer style butterfly valves and do not utilize inlet or outlet adapters

Note2 - Valve body EB40 and all bodies ending in B, J or S may utilize an E1F, E3F, E4F, or G1F actuator. Bodies ending in D may utilize the E2F, E5F, E6F, or G2F actuator

Step 1: Choose your valve body
