Wing Kits for 8'2 models only. D-Force available call for pricing.

STANDARD FEATURES

- **Patented Dual-Trip Design** combines trip-edge and full moldboard trip technologies, enhancing plow protection when striking hidden obstacles no matter your plow's position.
- **SmartLight™ 3 LED Headlight System** uses DOT-compliant 100% LED lights and Ice Shield Technology™ to prevent snow and ice build-up.
- **½" x 6" Long-Lasting, Durable Base Angle** provides extended wear resistance with built-in curb guards and patented snow catcher. The base angle serves as the plow's cutting edge until a certain wear point.
- **Optimized Hydraulics** streamline function and reliability of V-plows using fewer valves and hoses and fewer cycles on your electrical system.
- **Patented Snow Catcher** catches snow at the plow's pivot point, so no snow lines are left behind.
- **Reinforced Moldboard** increases blade rigidity for increased durability.
- **Heavy-Duty Push Frame and Center Section** provide additional strength and reliability.
- **SmartLock® Cylinders** lock blades in place when backdragging.

Steel 8'2", 9'2", 10'
Poly 8'2", 9'2"

Stainless Steel 8'2", 9'2"

> OPTIONAL ACCESSORIES

- D-Force®
- Snow Deflector
- Plow Wings
- Caster Wheels
- Cast-Iron Plow Shoes

Keep your blade in contact with the pavement with D-Force®. D-Force® improves scraping performance while backdragging by maintaining a consistent hydraulic down force powered by a hydraulic accumulator. D-Force® is an optional accessory on new 8'2" and 9'2" DXT plow purchases.

POWER PUNCH

The flared wings and enhanced blade curl of DXT snowplows power through and throw snow farther than traditional snowplows.
